LOCAL COMPANY TO INSTALL LARGE NEW BOILERS

HOLLAND-ST. LOUIS
SUGAR COMPANY TO MAKE
SUBSTANTIAL IMPROVEMENTS

Recently an item was published relative to the Holland-St. Louis Sugar Company, indicating that financial conditions of the concern are looking up, since all sugar factories were given a hard blow immediately after the war deflation.

It was then stated that a third of a million was paid off on indebtedness, cutting the debt down by nearly half.

The company is now overhauling all its plants, placing them in the finest kind of condition.

In Holland a new steam boiler plant is to be installed. This will include a new concrete smokestack of 150 feet in height and three Wickes boilers of 500 horsepower capacity each, equipped with type "E" stokers and proper coal bunkers for automatic firing which will result in large savings in both coal and labor.

In an interview with Mr. McLean who was very optimistic relative to the conditions of the plant, he stated that the financial conditions were far better than a year ago and that prospects were very encouraging. He said that the beet acreage was unusually fine and that with the proper weather conditions the yield could not help but be large.

Relative to the conditions in the plant, Mr. McLean said the following: "Nearly every member of our executive and technical staffs, including both our general organization and the local organizations at our several plants, are men of experience who have been connected with our company over a long term of years and have proven their loyalty and their worth."

Sugar beet growing is taking a better hold amongst the farmers even around Holland, than has been the case for some time. A farmer finds that it's about the surest crop that he can possibly cultivate, bringing handsome returns, not troubled much with weather conditions, and it is a diversified product that is not troubled to any extent with pests.

The three plants have paid to the farmers at the three factories during the past year \$673,999.00, Holland farmers receiving \$142,714.29, at St. Louis, Michigan, \$254,234.58. Farmers at Decatur received \$276,150.13.

At the three factories 233,646 one hundred pound bags of sugar was packed, or 23,364,600 pounds.

The three plants also turned out 4,344 tons of pulp, and 1,656 tons of molasses.

According to the report the acreage of beets contracted for in 1922 was Holland 2,600, Decatur, 6,446 and St. Louis, 4,494 or a total of 13,540. The total acreage for 1923 shows a marked increase. Holland 3,603, Decatur 10,200 and St. Louis, 6,300, or a total of 20,103.

WANTS HUNDRED ACRES OF RHUBARB FOR LOCAL PLANT

CANNING COMPANY MANAGER
SHOWS HOW FARMERS COULD
MAKE MONEY

The Holland Canning Co. finished its rhubarb canning campaign Tuesday afternoon and the records show that 62,796 pounds of rhubarb were put up in sixty degree syrup, ready for shipment. The rhubarb will be held at the factory for a few days to make sure that all the cans are perfect and then will be shipped out.

To show what a splendid opportunity there is for this feature of canning in this community, Manager Corey said that he had received orders for canned rhubarb for five times the amount he could supply. The Holland canned rhubarb has become known to many dealers and there is so much demand for it that farmers could not very well grow so much of it that the local plant could not take care of it. The amount canned this spring came from little patches in back lots and gardens but if planted together it would cover about six acres while the local plant could easily take care of a hundred acres. That would give the plant a two weeks run before strawberry time and would be profitable not only to the company, to the large numbers of women and men employed but especially to the farmers. If properly taken care of rhubarb can be made to yield from \$150 to \$500 an acre, Mr. Corey declares, and he is trying to encourage this crop in the country around Holland so that at least a hundred acres of it is grown. The local plant has a capacity of about 20 tons a day of rhubarb.

The strawberry season at the Holland Canning Co. is to start next Tuesday. The local plant has contracted for 97 acres of strawberries this season and a good yield is expected.

The case of the People vs. Russell DePew, rape, was on trial at Allegan before Judge Cross. The jury returned a verdict of not guilty. It was agreed in the case that a girl, claimed to be under sixteen years of age, had been left alone by her father, and became frightened by evidences that some one tried to get into the house. Respondent, a neighbor, invited or assented to her going into his house to await the return of her father. As to what happened after the girl went to the house of the respondent there was divergence in the testimony. The girl swore to the commission of an offense. Respondent claimed that nothing of the kind happened. The girl went home at about the time her father returned. At about the usual time after the date of the alleged offense a child was born and the girl claimed respondent was the father. The jury took a different view.

Mrs. H. Loveland of Muskegon is spending the week-end with her brother, Mr. and Mrs. F. Nilsson, East Tenth street.

SYNDICATE BUYS ZEE- LAND BRICK YARD

WILL BUILD AN ENORMOUS COLD
STORAGE PLANT ON THE
SITE

A large business enterprise that will be located in Holland township is what will prove to be a large cold storage plant where fruit is cooled and stored by the carload.

A body of men from Holland, Zeeland and Muskegon are fostering this project. A great deal of the capital has been subscribed and the large Zeeland Brick Co. property along the Zeeland-Holland highway will be utilized almost entirely for a plant of this kind.

It will be what is known as a 50-car plant and will be ready in time for the apple season this fall. The company already can utilize a great number of side tracks left by the brick company and more are to be added.

Water is especially essential and it so happens that the company is located in a regular nest of live cold water springs and all the water necessary of the purest variety is to be found right on the grounds.

The men interested from Holland are John Glupker and son George Glupker, and George Albers.

Benjamin Kalman, formerly of Overisel and who for 17 years has been county clerk of Muskegon county is also one of the stockholders as well as Nick Harris who too lives in Muskegon.

Peter Broekstra and M. Hoffman of Zeeland are also closely identified with the new concern. Mr. Hoffman being the manager.

Storage and cooling is even now going on in order to get an early start. Utility Co-operation Co. of Holland and Zeeland operators of the Utility Hatchery are taking up this work and it is understood that before long these units will be part of the Utility Cold Storage Co., so-called, after the organization takes place and the new plant is built.

Relative to the plant Mr. Hoffman, the manager gave the following interview:

"The fruit butter and eggs and perishable products have no longer got to be placed on the local markets. By local markets we mean Grand Rapids, Detroit, and Chicago. By means of the pre-cooler, and storage, the field heat can be removed from small fruits, and the package can be lowered from about 90 degrees to 35-38. Then they are placed in iceed cars and can be shipped across the United States in perfect safety.

"See what this is going to mean to this district. While the plant at the Utility Corporation is small this season, it was built that way for a reason, namely to get into operation immediately, rather than have to wait for the delays in building the large plant.

"If the farmer has a guaranteed market which will bring him a profit he can make money faster than ever before since the war. There are profits from fruit growing, especially the small fruits, if the marketing conditions are correct. Let us explain further. Take the immediate season for example. Strawberries now are being placed upon the Chicago market, Detroit and the Grand Rapids markets.

In the heart of the season these markets drop to a point where it is impossible to market products to a profit. If these same berries could be placed on the markets of Iowa, Indiana, Minnesota and other western states, two things would happen. The fruit that is placed on the outside markets would bring a far higher price, and also the local markets would be higher, due to the fact that the Michigan berry was not all placed for sale locally. It would cut down the quantity and as a result stimulate buying.

"The Benton Harbor district pre-cooled and shipped to outside markets approximately 2500 car-loads, and the saying to Berrien county was approximately \$100,000 last season according to the official reports. In other words farmers of that district received approximately \$100,000 more for their products last season than the season before.

"Apples last season sold for 25 and 50 cents a bushel in the heart of the season. Why? Large crop, local markets flooded. Three months later, the same apples brought \$2.50 to \$3.50 a bushel.

"Take celery. What happens to our local state celery? Large storages in Chicago and other states buy it at their own prices in the fall, and resell at 100% profit after three months.

"The results of the Cold Storage in other counties have been as follows: Farmers have increased acreage 100 per cent. Stevensville Mich., are increasing their Cold Storage plant double to their last season's capacity. There must be a reason.

"The Grand Rapids Press of last Saturday stated that there was not another square inch of egg storage available in that city. Why should not this county, the largest poultry and egg county in the world take advantage of the conditions as prevailing rather than letting outside brokers take advantage. Eggs now are selling for 18 and 19c per dozen. In the fall they run as high as 40 to 50cents.

"The Utility Corporation has purchased the Zeeland Brick Yard, and by fall will have a plant, second to none in the state.

"It is not yet decided exactly what plans they will take this season. Undoubtedly, however, they will take up the small fruits first, and then the poultry end. Dressing and shipping in iceed cars to New York and eastern markets. In about September, they expect to load to capacity with eggs, and resell in two months, and then fill with apples. The capacity now is approximately 2 1/2 cars. The new plant will have a capacity of about 50 or 60 cars, with ice making at the rate of 20 tons daily.

"If the berries are worked this season, they will either buy direct, or pre-cool for the grower. The Stevensville and Benton Harbor farmers have taken advantage of the pre-coolers in the respective localities, and as stated the plants are doubling their capacity. The Utility Corporation have buyers for exclusive hotels, cafes, clubs and retail trade in all the western markets, which will assure the highest prices. One thing is however necessary namely quality berries.

"The Utility Storage Co. will prove to be the greatest aid to fruit farmers in this county."

HOPE'S PREPARA- TORY SCHOOL GIVES PROGRAM TONIGHT

THIRTY-ONE PUPILS WILL RE-
CEIVE DIPLOMAS

Today is the great day for the Preparatory School pupils, 31 in number.

This evening a program is to be given in Carnegie Hall, containing several numbers, winding up with a two act comedy, entitled "The Butlers."

This interesting little skit is under the direction of Mrs. Durfee, and Miss Moser.

The program to be given this evening follows below:

Processional—"The Priests' March"
—Mendelssohn—Miss Serena H. Top
Invocation—Rev. S. C. Nettinga, D. D.
President's Welcome

Quartet—"Come all ye Lads and Lassies."
—Lily Strickland

Misses Cornelia A. Nettinga
Mary Weaver

Messrs. Theodore Luidens
Herman Janssen

Oration—"The Clarion Call"
—Miss Helen Olgers

Vocal Solo—"Minor and Major"
—C. G. Spross: "The Years at the Spring"—May H. Brake

Class Prophecy
—Miss Winnie Vrooland

Mr. Silas Wiersma
The cast of characters in "The Butlers" follow:

Mrs. Baxter, Alice Ihrman; Ella, Dorothy Schermer; Mr. Baxter, Clarence Berkompas; Sally Baxter, Mary Weaver; Lord Arthur Butler, William Meengs; Mary Anne Baxter, Helen De Albin; Sammy Baxter, Donald Van Alsburg; Boggs, Frank Workman; Jennie Baxter, Janet Tanis.

The names of the graduates follow: Clarence Berkompas, Adrian Cornelia Daane, Helen Henrietta De Bruin, Albert De Groot, Gerald Elenbaas, Dick Frederick, Elzinga, Theodore John Gieblink, Ruth Granert; Theodore Harmsen, Alice Cornelia Ihrman, Herman Martin Janssen, Elmer Jekel, Harley Jerome Kleinhekel, Harvey William Kollen, Theodore William Luidens, Richard Pitman Mallory, William John Meengs, Gladys Moeke, Cornelia Angelina Nettinga, Helen Olgers, James Postema, Dorothy Schermer, Fred Schuurman, Janet Tanis, Serena Harriet Top, Donald Jay Van Alsburg, Myrtle Voss, Mary Aurelia Waldron, Mary Catherine Weaver, Owen White, Silas Clarence Wiersma, Frank Renze Workman.

FLYING SQUADRON OF POULTRY
MEN WILL COVER MUCH
GROUND ON TRIP

The second annual poultry tour of Ottawa county started out on schedule promptly at 9 o'clock this morning from Central Park Holland. Most ideal weather prevailed and the tour was a smashing one. The trip is a "flying squadron" affair and lots of ground will be covered.

At noon a great spread was had in the beautiful grove near Jamestown, more than 500 attending.

E. C. Foreman the culling wizard from the Michigan Agricultural College is one of the speakers. Mr. Foreman is very well known throughout the state in poultry circles and his talks are always eagerly awaited. Besides Foreman, C. M. Ferguson, and Dr. Stafesth from the Michigan Agricultural college will also speak as will C. P. Milham, Ottawa County Farm agent. Mr. Milham has had much to do with planning the tour and has also done a great amount of work along poultry lines in this county.

The schedule as made follows below:

9 A. M.—Leave Central Park, Holland.

9:20—Leave Brummer-Frederickson.

9:35—Leave Edward Fisher.

10:05—Leave Henry Morris.

10:35—Leave Grandview.

10:55—Leave Superior Hatchery.

11:30—Leave Forest Grove Hatchery.

Dinner at Jamestown Spring Grove followed by speaking. E. C. Foreman, C. M. Ferguson, Dr. H. J. Stafesth and C. P. Milham.

1:30—Leave Jamestown Spring Grove.

1:55—Leave Clyde Hollis.

2:15—Leave Alex Klooster.

2:35—Leave Alfred Ter Haar.

2:55—Leave J. J. Nyenhuis.

3:15—Leave Jacob Nyenhuis.

3:55—Leave C. Veen.

3:55—Leave H. Ringervold.

4:20—Leave Henry Garrets.

4:35—Leave Hudsonville White Leghorn Co.

5:00—Leave Paul De Groot.

5:30—Leave Arthur Dyksterhouse.

6:30—Leave Emmet Culligan.

NEW TRAIN BETWEEN
HOLLAND AND CHICAGO

The dope sheet of President Alfred arrived in the mail yesterday and contains the following:

Pere Marquette railway will operate a new Sunday train between Chicago and Holland, making all local stops. This train is for the accommodation of the week-end tourist travel from Chicago to the Lake Michigan East coast, will go into commission June 17, leaving Chicago 8:15 a. m. and arriving Holland, 1:20 P. M. Returning this train will leave Holland 4:25 P. M. and arrive Chicago, 8:30 P. M.

This service will be complemented with a train leaving Chicago at the same time, effective Sunday July 15, running as far as Hartford, arriving 12 and returning leave Hartford at 5 P. M. and arrive Chicago 8:05 P. M. Strawberries in Michigan's great patch, which extends along Pere Marquette R'y from east of Holland almost to New Buffalo are taking on a deep red color and the preparation for the movement of this fruit are already being made. The crop this season due to the cool weather has taken longer to mature than last year but the prospects are for a considerably heavier yield. The prospects for the cherry crop have never been any brighter according to the reports from Traverse City and Hart and Pentwater. Refrigerator cars are being ordered in considerable quantities for the movement of the early small fruits.

GRAHAM & MORTON HAS REGULAR AUTO CARRYING RATE

LAKE PASSENGER LINES MAKE
CHARGES TO BE ASSESSED
CARS

Automobile carrying rates on the P. M. Line boats between Milwaukee and Manistee will range from \$7 to \$12, depending on the size of the car, according to information received by H. J. Gray, secretary-manager of the Michigan Tourist and Resort association.

The Graham & Morton line at Holland has the following schedule: cars of 100 inch wheel base and under, \$8.50; 100 to 115 inclusive, \$10; 116 to 127 inclusive, \$11.50; 128 to 149 inclusive, \$14; and over \$13.50.

On the Crosby line boats between Milwaukee and Muskegon, the rates will be \$10 for cars of 105 inch wheel base to \$20 for cars of 135-inch or greater wheelbase.

The Mackinaw Transportation company has not filed its rates for carrying automobiles. Because of the proposed competition of the state line, the rate is expected to be low. Last year the company cut the rate considerably, bringing it down to nearly \$4 for light cars.

At one time when the bill authorizing a state ferry line was pending, it was announced that the average cost would be about \$3 but it is not that that the state can operate the line on such a rate.

It now develops that a private transportation company was being organized to operate a summer ferry at the Straits when the bill was passed. The company had secured dock leases and when action on the part of the legislature caused its abandonment.

HOLLAND TO HAVE BIG PUBLIC AUCTION OF CITY BUILDING LOTS REAL ESTATE MAN BUYS BEAUTI- FUL TRACT FROM JAMES PURDY

Quite a spectacular lot sale is to take place in Holland Saturday, June 23, at 1 P. M.

Not alone will the lots be sold at public auction but the auction will be accompanied with music, for the American Legion Band is to play at this sale.

Cof. M. De Wright, has purchased from James Purdy of Holland a beautiful tract of land lying between 25th and 26th streets facing State street. The owner has platted this property into 25 very desirable building lots and these are to be put up at public auction to the highest bidder.

One lot is to be given away free at the auction, and other valuable prizes are also to be given gratis together with the sale.

These lots Mr. De Wright says has ideal surroundings. Longfellow school adjoins the plat, the Bush & Lane Piano Co., and the Holland Furnace Co. are within three blocks of this property. The addition is now called Highland Addition to the City of Holland, and these streets are now paved to 24th street, only one block from this property.

Mr. De Wright who for years has been a business man of Allegan, now conducts real estate affairs over the entire state.

B. H. Bowmaster is to be the local auctioneer.

The auction takes place Saturday, June 23 at 1 o'clock P. M.

DAHLSTROM ADDS ANOTHER VICTORY

Holland beat about the best offering Grand Rapids can put together in line of professionals when they beat the Standard Oils of Grand Rapids last night 11 to 6. The Standards are composed of stars like Busch, Champion, Blomgren, Soyken, and Jensen. Mc Coy from the Grandville-Jenison. The whole team is composed of heavy hitters and clever fields, Busch showing his calibre yesterday in the outfield robbing several local men of almost sure hits. A co-incidental in the game was that Dahlstrom and Berkhard the G. R. pitcher both issued 5 free passes and struck out 7 a piece.

Dahlstrom pitched his usual strong game, up to the fifth inning allowing only 1 hit. In the fifth inning two hits and an infield out they scored one, again in the sixth and seventh they scored one per inning. In the eighth Standard Oil on four hits and infield out, scored three. Holland began early, scoring two in the second on 2 hits, a hit on error and infield out. Again in the third and fifth Holland scored one per inning. On three hits in the sixth Holland gathered two runs; again in the seventh on three hits, one of them a triple by Ingham we gathered in two more. In the 8th our last bat the game was put on ice. Spriggs first up, walked; V. Hoover drew his third base on balls; Wolrdring hit a two bagger to deep center r; scor Ingham and V. Hoover; Kramer struck out; G. Batema drew a hit, scoring Wolrdring.

Saturday at 8:15 Holland plays the strong Grandville-Jenison crew. All out at this game.

The pastor of Trinity church, Rev. Clarence P. Dame, will have another sermon of the series, "New Testament Types of Modern Church Members" next Sunday evening entitled "The Friendly Church Member."

Dispatches have it that Hope is asking for an endowment of \$2,000,000 at General Synod and General Synod is also considering a request for \$4,000,000 endowment for Central College at Fella Ia, an auxiliary of Hope College. It is understood that Dr. Nykerk, dean of the local college who is in the East is fostering this proposition very energetically. Hope's wonderful growth in spite of its comparatively meager support has been an eyeopener to the Reformed Church of America. Synod, it is said, will adjourn today.

About \$75,000,000 of interest on the public debt becomes payable on June 15th. Holders of First Liberty Loan Bonds are urged to clip their interest coupons due on this date and present them for payment at any bank or postoffice. Postmasters will accept these coupons as part payment toward the purchase price of a \$25 U. S. Treasury Savings Certificate which are sold for \$20.00.

CITY HAS NINE

B. B. TEAMS BUT
ONLY ONE PARK

The city of Holland has nine independent baseball teams at present, all of which are in need of grounds on which to practice and to play and there is only one diamond available. Figure it out for yourself: nine teams and one diamond, how often can each of these teams practice and play during any given week?

The one diamond that is fit to play and practice on is the Water Works Park. This is of course a very good diamond and although it is a park for the whole city and the principle has been established long ago that no teams are to be barred from the use of it, the Holland Independents have a sort of first claim on it. It is agreed by all that this is right. The Independents represent the whole city in a way that no other team does and in order to represent the city effectively they need a place to practice and play frequently. No one raises any objection to this, least of all the other local teams that need a place to practice.

The city's nine teams at present are Holland Independents, Warm Friends, Federal Stamping Works, Shoe Factory, West Michigan Factory, Limberts, "Unknowns," Merchants and the High School. In addition to this there is also the Hope College team but that aggregation of players has a diamond of its own.

These teams can get but very imperfect service on a single diamond. The nineteenth street diamond is described by them as being in poor condition for playing purposes and because of this it is almost impossible to use it. The suggestion has been made that the common council fix up the nineteenth street grounds so that it will be in shape to play games on and that would relieve the congestion considerably. The plan is not to convert the 19th street grounds into a baseball park or anything of the kind, with a fence and so on. It is merely suggested that the grounds be leveled, some clay hauled to it and fixed up generally so that the games can be played there.

OTTAWA BUILDING
AND LOAN ASS'N HAS
GOOD YEAR

Although the fiscal year of the Ottawa County Building & Loan Association will not end until the last day of June, that organization has already made it the banner year in its history. The statistics for all the years since 1900 have been dug out of the files and it is shown that 1923 has the largest cash receipts since 1900. The receipts so far are \$45,896, which will be materially increased before the end of the month.

More real estate loans have been made than any year since 1900, the total so far being \$22,525, with enough to be added before July 1 to make it a total of \$30,000. This year has shown more real estate mortgage holdings than any year since 1900, the total being \$63,210; and the assets also are the largest in 23 years, being \$77,528. The association does not owe the bank and is a vital and growing institution that is striding forward with vigor and with confidence in the future of Holland.

Some other items of information about the association were given in a letter sent to the Holland Chamber of Commerce. This letter is of general interest and reads as follows:

"We extend to you, The Chamber of Commerce of Holland City, our congratulations upon the recent organization of your body.

"We welcome it as a fellow organization interested in the welfare of the City of Holland which at present is facing a shortage in its housing facilities. Our association is in close touch with this condition and while we are doing something to relieve the situation we feel that much more can and ought to be done.

"We are in a position to report a very gratifying growth experienced by the Ottawa County Building and Loan Association over any of the past ten years. Up to the first of June of this year our receipts have shown an increase of more than \$26,200 over the previous year, with still one month to go before the end of our fiscal year. Our loans have also increased in the same ratio with a list of applications waiting. During these 11 months we have added over fifty new members to the association.

"We feel that this showing encourages the hope that here is a future for this organization in Holland and entitles us to your kindly consideration. We wish you success and pledge you our hearty co-operation."

At a business meeting of the Junior Class of Hope College Thursday, Harvey De Weerd of Holland was elected president for next year. This means that Mr. De Weerd will head the student council and consequently is the executive of student government. The council is composed of nine members, two from the Freshman class, two from the Sophomore, two from the Junior and three from the Senior. Other members will be elected next fall as soon as school opens.

Harvey De Weerd was mayor of Holland High school when a Senior there. His election to class president now places him virtually in the position he had at high school. He is well suited for the task his fellow students laid upon him and there is no doubt but that he will bring about the co-operative spirit among the student body necessary to school achievements.

As soon as school opens in the fall Mr. De Weerd will call together his council and submit the program for the year. He has not yet fully determined what policies will be adopted, but in an interview Friday he mentioned several things upon which he believed the student body at Hope was desirous to see a definite program worked out. They are: 1. More energetic enforcement of Freshmen rules; 2. Seniority and upper classman distinction must be more rigidly observed; 3. More enthusiasm and whole-hearted support in forensic and athletic endeavor; 4. A first-class lecture course and high grade entertainments; 5. Cement tennis courts; 6. Re-adjustment in the honor code system.

The entire program shows itself as being practical. The motto for the coming year will be "The biggest year in the history of Hope." Every student will back the administration to achieve this ideal.

A former Holland minister has received from his congregation a present of a golden egg containing \$1500. This shows how the ministers have changed since the old days when they would have been satisfied if you invited them to dinner and let them eat three or four fried chickens.—Detroit News.

NEW CHRISTIAN HIGH
SCHOOL TO COST \$75,000

The building committee of the new Christian High school state that just 375 pledge takers have paid up their respective pledges and this available money naturally will go to the building of the school.

The committee urges those who have not yet responded with their pledge money to do so with all possible speed and all who have not made pledges are still privileged to avail themselves of the opportunity.

The contract price of Van Dyke & Oosting, the successful bidders was \$58,000.00. The Yonker Plumbing Co., Holland has secured the plumbing contract while the contract for heating and furnishing has not yet been let.

It is estimated that these three necessities together with the building price will put the cost well up to the estimate of \$75,000.

LOCAL TROOP GETS
LETTER FROM
THE PRESIDENT

Francis Deto, scoutmaster of Troop 8, the troop that won a streamer awarded by President Harding recently, has received a letter from the president congratulating his troop. The letter follows:

"I am pleased to learn, that you and your troop have met the specified conditions and are entitled to the award of the Anniversary Round-Up Streamer, which I take great pleasure in presenting to you. Please extend to each member of the troop committee and to every boy in the troop my hearty congratulations and good wishes.

"It is most stimulating to realize that through the Boy Scouts of America 37,045 men are now enrolled for definite volunteer service and that at the present time there are 462,979 boy members of this splendid organization making a total of 600,024 men and boys. Certainly it can be truly said that the men who are serving as active leaders are helping in a most practical fashion to produce for the nation its greatest need—men of character, trained for citizenship.

"I am keenly anxious to do all in my power to extend the influence of the Scouting Program, because America must avail itself of every resource for producing that type of American citizenship which will not be content with acceptance of the privileges of citizenship without active participation in meeting the responsibilities of citizenship. In the Boy Scout Movement you not only place emphasis on service, but you have worked out a program in such a way that boys actually learn by doing, and in a natural manner acquire that attitude of mind which brings to them a consciousness that they must be citizens of the participating kind, and not mere on-lookers.

"I do most sincerely hope that you will continue your efforts to recruit increased leadership and greater resources in order that more boys of scout age may have the advantages of this movement, which has earned for itself appraisement as one of the greatest assets our nation has today.

"Sincerely Yours,

"Warren G. Harding."

STUDENTS WRITE
AND PUBLISH THEIR
OWN BOOK

"The H. H. S. Student Government, 1923" is the title of a new booklet that has just been issued from the Holland High school presses. The booklet was written by the students of the high school and it was printed on the high school's own presses and set up in the high school type by high school students in printing. It contains 27 pages and is a very creditable specimen of the work being done in the school's printing office which is still a comparatively new feature of high school work.

The little volume starts out with a statement about student self-government in Holland high school. "We wish to show," the statement declares, "that student co-operative government in Holland High school has passed the experimental stage, that it is no longer a theory, but a working fact. It is permanently a part of Holland's community life. We invited careful study of our government and for this purpose we present in this pamphlet its constitution, laws, the court system and other facts of interest regarding it."

The constitution and ordinances follow in full as well as a description of the court system. This system is rather interesting and is described as follows:

"The Court System of the Holland High School shall consist of a private court including the chief of police, the mayor, and the principal of the high school. The mayor shall act as judge.

"The system is governed by regular High School ordinances. A person violating one of these ordinances is warned by an officer. If the student does not then comply with the warning the officer makes complaint to the chief of police. If this complaint is considered justifiable the person is tried before a private court. If he is found guilty he is punished according to the crime.

"If the case is very important or if the person commits an offense twice it is immediately taken to the Municipal Court. It is tried before the Municipal Court as jury whose decision will be final."

The high school song is given, the members of the council, the boards, the faculty and the special teachers and supervisors.

INSTALLED PASTOR OF
KALAMAZOO CHURCH

Rev. Benjamin Laman, who graduated from the Western Theological Seminary in May, was installed as the pastor of the Bethany Reformed church of Kalamazoo on Thursday night. Dr. S. C. Nettinga of the seminary was among those who took part in the installation exercises, as well as Rev. Laman's brother, Rev. A. T. Laman of Wisconsin. Mrs. Laman was formerly Miss Hazel Mouw, daughter of Mr. and Mrs. H. Mouw of this city.

Mr. Laman is a native of Muskegon. His education at Hope College was interrupted by the war in which he served with Company C, 310th Engineers, 85th Division. In 1918 he was with the Polar Bears in North Russia and participated in the various actions with the Reds. He re-entered Hope College in 1919 and graduated the Seminary later. Bethany Reformed church of Kalamazoo is an important congregation and has been without a pastor for some time.

Miss Lillian Van Dyke of Benton Harbor spent the week-end in Holland.

LAUNCH BURNS
ON THE GRAND
RIVER AT DOCK

The launch "Hazel B" owned by Capt. Henry Walker of Ferrysburg, burned at its dock on the "island" near the old shipyard site.

Captain Walker had recently refitted his ship for the summer traffic and had been trying the craft out for the first time. He started his engine and got away from the dock going forward where the controls were located. He felt a blast of warm air however and turned around to find his fine boat in flames which were beyond control.

A high wind that was blowing at the time drove the Hazel B back to the dock, tipping the flames to fury. Capt. Walker tied his craft up and ran to the tug Johnson whose whistle immediately sounded the fire call. But three men were on the island when the fire occurred. The whistle was heard by many but was not generally interpreted as a fire call. Chief Pippel of the fire department did not respond owing to the fact that the heavy chemical apparatus would have to pass over the bridge to the island. This bridge would be unsafe for the big truck it is thought. Lives of the firemen and the well being of the city's only piece of fire fighting apparatus would have been endangered.

The Hazel B burned to the water's edge and it is doubtful whether anything could have saved her except possibly a large chemical tank fire extinguisher used at the moment of discovery.

NEAR TRAGEDY AT NEW
GRAND HAVEN BRIDGE

A scow loaded with three hundred bags of cement turned turtle Thursday night on the Grand Haven-Ferrysburg bridge project, the mishap nearly resulting in injuries and possibly the drowning of one of the men. Quick work by Tom Mahon, the diver working nearby saved the life of one of the men who could not swim. Mahon jumped in after the man immediately following capsizing of the scow and managed to effect a rescue. The rescued man's identity is unknown. The other men all were able to get to safety.

Three hundred sacks of cement with which the scow was laden are now at the bottom of the river, and the scow, which leaked badly, was taken to the ship yard for repairs. The scow filled with water was given as the reason for its capsizing.

The reason was under tow of the small gasoline dory which was used by the construction company and was being towed toward the big barge in mid-stream. All at once, the scow listed and the men were swept overboard. All could swim except the man mentioned and his quick rescue by Mr. Mahon, averted any tragic outcome to the incident.

Loss of the three hundred sacks of cement on the scow will total into a considerable figure. No holdup on the work of the bridge was reported due to the accident or the loss of the building material.

Bids on the superstructure work for the Grand Haven-Ferrysburg bridge were taken yesterday afternoon at the city hall in Grand Haven. Bidding was done by five bridge-building concerns, the bids ranging from \$147,781.55 to \$175,688. The lowest bid placed by the Milwaukee Bridge company, was at a figure some what higher than the first estimate of the cost of the bridge as a maximum for construction of the superstructure.

On the other hand, the bids may be discarded and may be taken over if the state and city officials believe that costs of steel will lower in the near future. This conference will be held within a short time to decide whether the lowest bid will be accepted.

SCHOOL BOARD EN-
TERTAINS MAYOR AND
COMMON COUNCIL

The board of education gave two luncheons on two consecutive evenings. Thursday night the mayor and common council were invited and together they sat down to a sumptuous spread in the household art department rooms, and the rats were cooked by the dainty hands of students in that department. Mayor Stephan who is a good judge of things that are placed upon a table vouches for the statement that his digestion was not impaired and the food tasted very fine to him, which speaks well for this department.

The board and the mayor and common council had a sort of a get-together meeting, compared notes, discussed school needs, talked over economy and other things which these two bodies have in common as these relate to our public school questions together with their needs.

Mayor Stephan says it was a sort of "a round the table talk," informal, all having their little say and a good constructive as well as a fraternal evening was enjoyed.

Luncheon number two was held the night before when all the dominies in the city were invited. It will be remembered that a year ago an agreement was reached by the public school authorities set on after-noon and evening aside when there would be no activities in the school after school hours. Wednesday afternoon and evening was selected. The intention of this was that the churches would be given time at least once a week to give the pupils a chance to avail themselves of religious instruction and also to encourage life at home in other words making Wednesday evening a home evening, to be encouraged not only by the school authorities but especially by the parents.

In comparing notes all around covering the year in which this has been in vogue, there was some doubt as to whether the stay at home idea was followed to any great extent. However, practically every church in the city had gotten back of religious instruction on Wednesday afternoon after school hours, and the 300 school folks who were under Christian instruction for more than an hour after school is dismissed.

Other churches also gave flattering reports along these lines and it was the general opinion that the school authorities should continue to foster both of these projects and continue to discourage all unnecessary school activities on Wednesday.

Mrs. Henry Warnshuls of Allegan entertained a group of Holland City friends by a shower given Thursday in honor of Miss Sloat of Holland, last Thursday.—Allegan Gazette.

There will be English services on Sunday evening at 7 o'clock standard time, at the Grace chapel Christian Reformed church. Rev. J. Brunker of Willard, O., will conduct the services.

GOLD BLOODED
MURDER TAKES PLACE
AT HAMILTON

The village of Hamilton was shaken to its foundation Saturday afternoon when a cold-blooded murder was reported on a farm near that village.

The farm is located about ten miles southeast of Holland and it was in the field near the Karsen home that John Westveld aged 35 and well known in Holland was shot down by Luther Karsen aged 50, who lives on an adjoining farm. It is stated that Westveld had rented some land from Karsen and proceeded to plant potatoes on it, and while this was in progress Karsen came up and a dispute arose over the agreement. Heated argument followed in which Karsen drew a shotgun which he had with him, leveled it at Westveld, discharging one barrel. Then walking up to the body which lay inert he pulled the trigger again blowing the top of Westveld's head off.

The murder spread like wildfire and scores of farmers held Westveld's murderer in his home where he had locked himself in. Nothing was done however until Sheriff Hare who had been notified appeared upon the scene, the posse fearing that Karsen might shoot from the barricaded house.

When the sheriff arrived the sheriff and Prosecutor Montague boldly walked up to the front door, rapped for admission. Altho all the shades were drawn, the door was soon opened by Mrs. Karsen, mother of the alleged murderer, who is 87 years old. She admitted the officers, called her son who immediately came from another room. He was handcuffed and taken to the Allegan county jail where he was bound over by Justice Brady Monday morning without bail to appear before Judge Cross for trial at the next term of circuit court.

Coroner Benson and Dr. L. R. Rietink were on the scene almost immediately and found Westveld where he had been shot, lying in a pool of blood where his son had first found him, having gone out to search for him when he failed to return for dinner.

Karsen is very close-mouthed and will say nothing. It is stated that the prosecutor secured a confession from him. He spends most of the time reading the papers, but does not even speak to the other prisoners.

Officers state the shooting occurred shortly before noon when Westveld had gone to the Karsen farm to borrow an implement. The men argued over some matters, then separated Karsen going into his house and Westveld starting for the road. Officers state that Karsen quickly entered the house, secured the shotgun, returning to the porch and shot down Westveld blowing his head off later.

Karsen who is also well known in Holland is unmarried, while Westveld who is a married man, has two children, a boy and a daughter. It is said that Westveld formerly lived in Zeeland and conducted a milk route there.

Mr. and Mrs. Frank Johnson attended the high school commencement Thursday at Spring Lake.

Mrs. W. R. Cox and daughter Emily and son William R., Jr., have opened their cottage, "The Wooden Shoe," on Mishawaka Ave., at Macatawa.

FORMER EAST
HOLLAND MAN DIES
IN BEAVERDAM

Melle Barom, aged 77 years, died on Sunday afternoon at the home of his son, S. Barom of Beavertown, after an illness of some time and after having suffered a stroke. Mr. Barom had made his home in Holland for the past three years with his children, Mr. and Mrs. Gerrit Helder, 443 College avenue, but was visiting at the home of his children, Mr. and Mrs. S. Barom at Beavertown when death came.

He was born in the Netherlands and came to America in 1869 when he settled on a farm in East Holland where he lived until he retired about 3 years ago. He is survived by four sons and two daughters: Sietse and John of Beavertown; Henry of Zeeland; Edward of East Holland; and Mrs. Albert Boer of Zeeland and Mrs. Gerrit Helder of Holland.

The funeral was held Wednesday afternoon at 1:30 standard time, at the home in Beavertown, and at 2:30 at the cemetery in Zeeland, Rev. Jan. Ghysels officiating.

MISS MINNIE K. SMITH
GUEST OF HONOR AT
A LUNCHEON

Miss Minnie K. Smith was given a complete surprise Wednesday afternoon at the home of Mrs. Daugherty and Miss La Dick on 15th street, when fifteen teachers of the junior high school were gathered to greet her.

Luncheon was served and Miss Henrietta Zwemer, in behalf of the teachers, spoke of the good fellowship of the group and further expressed the spirit of loyalty by presenting Miss Smith with a leather brief case.

Miss Smith will attend the Chicago University this summer taking a special course in Junior high administration.

NAME OF ZEELAND
PLANT IS CHANGED

The Michigan Star Furniture Co. of Zeeland, which for several years has been manufacturing under the management of Jacob A. Elenbaas and whose interests have been recently purchased by Herman Miller and several associates, has been re-organized and will now be known as the Herman Miller Furniture Company. Mr. Miller has for several years very successfully managed the Colonial Manufacturing Co. Mr. Miller will continue with the Colonial while D. J. De Free will manage the new company.

FOUND DEAD IN BED
THURSDAY MORNING

Edward Reitsema, aged 64 years, died some time during the night, his death being discovered Thursday morning by his wife when she arose and called him for breakfast. Examination by a physician showed that he had died several hours before.

He is survived by his wife and six children: Corneel and Simon of Grand Rapids; Mrs. Joe Geerds, John; Mrs. Henry Sloothak and Maggie of Holland; also by three sisters, two of them in Iowa. The funeral will be held on Saturday at 2:30 o'clock at the home 160 West 16th street, Rev. J. G. Heemstra officiating.

GO TO MEXICO
TO STUDY SYSTEM
OF EDUCATION

Miss Sadie Cossen, formerly of this city has been appointed on a commission to go to Mexico this summer to work in the interests of education. Private interviews will be had with the president and superintendents of education of Mexico.

Miss Elizabeth Cornin, a former teacher of Holland, is also of this commission. Miss Cornin has spent five years teaching in South America since leaving Holland and Miss Cossen graduated with high honors from the Spanish department at Ann Arbor last year. At present they are both teaching Spanish in the Detroit schools. They plan to spend a few days in Holland before returning to their work in the fall.

BEAVERDAM MAN WEDS
A ZEELAND GIRL

Miss Jennie Vande Velde of Zeeland and Jacob Hop of Beavertown were united in marriage at the home of the bride's father, W. Vande Velde. The ceremony was performed by the Rev. Herman Maasen of Wisconsin, formerly of Beavertown, in the presence of immediate relatives. The wedding march was played by Mrs. Benjamin Lanning of Holland. The young couple will make their home with the groom's parents, Mr. and Mrs. Wm. Hop at Beavertown.

CENTENNIAL PARK
FOUNTAIN REQUIRES
905 PLANTS

Some time ago a Chicago letter speaking in Holland declared that the fountain in Centennial Park was the finest fountain he had seen anywhere in America although he had traveled from one end of the land to the other. This year the fountain is as beautiful as ever and visitors who come here this summer will be able to carry away an impression that is worthy of Centennial Park and the city.

Park Commissioner Van Bragt recently put the potted plants in the crevices of the fountain and he allowed some men to guess how many individual plants it took to fill all the places. The guess was all the way from fifty to a couple of hundred, and there was general astonishment when the park commissioner gave the information that this year it took 905 plants. These plants are first grown in flower pots and in the greenhouse and are transferred to the fountain when the season has advanced far enough so that the danger of frost is past.

Since Holland letter carriers have received their half holiday mail carriers of Grand Rapids are also engineering a halloing among the Grand Rapids citizens, in order to get Saturday afternoon off during the hot months of the year. Holland is being pointed to as a pumper in this half holiday business and the Grand Rapids carriers state that since the thing has gone through successfully in Holland, Grand Rapids should not stand back, but fall in line quickly.

You Can Build at Wholesale
And Yet Build Just The Way You Please

The one great pleasure of building a home is building one's own personality into it. Why should you allow the ideas of some other person to exclude all of your own?

If you will permit our Planning Department to help you in laying out your ideas, you'll find that you can have just the house you want, and save a lot of money at the same time.

The lumber and materials are taken from our own big yards—not sold to a Builder and then to you.

The mill-work and all cutting is done by our machines accurately and swiftly. Our own experienced men erect and finish the house—saving much time in this operation. And last but not least, you hold us responsible for your home ready to move into.

Many folks who have expected to wait for their new homes until sometime in the future are now living happily and comfortably because of this common sense building plan.

Why not investigate today?

BOLHUIS LUMBER & MFG. CO.,
Builders of "Expressive" Houses.

Telephone 5121.

BIG LOT SALE!

At Public Auction

HOLLAND, MICHIGAN

SATURDAY, JUNE 23rd, One p.m.

M. De Wright has purchased from James Purdy that beautiful tract of Land lying between 25th and 26th Sts., facing State St. The owner has platted this property into 28 of the most desirable residence Lots to be found in Holland.

These Lots and all the surroundings are ideal. School adjoining plat, Bush and Lane Piano factory 3 blocks East and Holland Furnace Co. Factory, the largest furnace factory in the World, and only 4 blocks from this wonderful new Addition, now called Highland Addition to the City of Holland.

Three Streets being paved now to 24th Street, only one block from this property.

**Saturday, June 23rd, each and every one of these Lots
will be Sold at Auction!**

DO YOU BELIEVE IN HOLLAND?

There is not a city in the State as prosperous.

At the present time there is more than a million and a half dollars in building going on in the city, not counting the new Armory and possibly a new Hotel that is to be built.

Holland never was so prosperous as it is today. That means substantial real estate prices.

Holland too is becoming a city of paved streets. By the end of the summer there will be 12 miles of paved streets completed.

Six thousand men and women are constantly employed at good wages in our manufacturing institutions.—With all our building of homes there is still a dearth of houses. There is still chance to invest in a beautiful lot.

The Holland

**AMERICAN
LEGION BAND**

**Will Play at this
Sale!**

COME TO THE AUCTION!

Come to the auction and take your pick and be safe guarded for the future.

Find a spot where now or later you can build a home that you can call your own and do not delay until the price of real estate soars so high that building would be prohibitive.

Here are some wonderful lots that are going reasonable.

One Lot Free & Other Valuable Prizes given Away Free at this Sale

TERMS OF SALE: Lots will be sold for one-half cash, one-fourth in 6 months and one-fourth in 12 months, with 7% Interest on deferred payments.

**AUCTIONEERS:--Col. M. DeWright
Col. C. J. Vanderworker**

**M. DeWRIGHT,
Owner and Manager**

B. H. BOWMASTER, Local Auctioneer

Holland City News

Entered as second class matter at the postoffice at Holland, Michigan, under act of Congress, March, 1879. Terms \$1.50 per year with a discount of 50c to those paying in advance. Rates of Advertising made known upon application.

LOCAL

The Peoples' Garage is driving in a new Nash Carriole from Milwaukee. The Christian Reformed church at Oakland has nominated a trio consisting of Rev. J. J. Weersing, of Rock Valley, Ia.; Rev. J. C. Meenderop of Dutton and Rev. H. Oostendorp of Zeeland. A call will soon be extended.

Rev. J. Welmers of Hope College gave the commencement address before a graduating class of students of the Spring Lake High school Thursday evening. There were ten graduates, five boys and five girls.

J. Smallegan, proprietor of a store at Forest Grove, has on exhibition a tarantula in a glass bowl. The spider was found on a bunch of bananas while Smallegan was waiting on a customer.

State Highway Commissioner Rogers' road program for the year includes 500 miles of road. He will have available at least \$14,000,000 including the aid from county and federal sources together with the five million dollars authorized by a state bond issue.

The scientists at the U. of M., who are going to make a study of the fatigue of chemicals will be earnestly watched by all of us who frequently feel that we should, out of mere humanity, sip a glass of lemonade on the porch every five minutes while the lawnmower rests.

Henry Saul, son of the late pioneer of Grand Haven township died after an illness of six months. The father died four years ago and a young son was crushed to death by a large thrashing machine on the Saul farm on the West Michigan Pike. This tragedy is said to have undermined the father's health, indirectly causing his death.

Thirty-six additional traverse jurors have been ordered chosen by the federal judge C. W. Sessions because a large number of jurors on the old panel had been excused from court room duty, largely because of farm duties. Among the new jurors chosen were Floyd E. Sher of Grand Haven, John Borema of Ferrysburg, and John W. Cook of Grand Haven.

The council at Zeeland Thursday adopted a resolution extending a vote of thanks to Cornelius Roosenraad for his generous donation of a beautiful monument dedicated to the fallen heroes in the World War. The monument has been placed in the cemetery and on it is inscribed, "In Memory of the World War Heroes." Two of Roosenraad's sons died in the war.

The banners for the Exchange club automobiles that will take the members to Benton Harbor are in charge of A. L. Cappon. The members are requested to meet at 7:30 Monday morning at the W. C. hall to get their banners and go to a body. All those who must go before or after should get their banners from Mr. Cappon beforehand, but all who can are requested to meet at the club house.

A home wedding took place when Miss Anna Por, daughter of Mr. and Mrs. William Por, Sr., was married to Nicholas Kolesan of Holland. The marriage took place at the home of the bride's parents directly east of the city at 8:30 Thursday night, Rev. J. H. Ghysels, pastor of 9th street Christian Reformed church performing the ceremony. The bride was prettily dressed in green silk, and carried roses. After the wedding fifty guests sat down to an elaborate wedding supper.

Rev. J. J. Battema, at one time a pastor of the 18th street Christian Reformed church and now at Kalamazoo, has been appointed moderator in his district by the church authorities.

Rev. J. Keizer who has been a preacher in the Christian Reformed church for forty years and who at one time was pastor in Zeeland and Graafschap has resigned and will retire from the ministry. He is now 63 years old.

The domestic science classes in Holland high school, under the direction of Mrs. Monroe, have rendered efficient work. The classes have been entertaining teachers and organizations at luncheons at which students prepare the food. One girl acts as hostess and another as host and everything on the menu is prepared by the class.

State papers show an increase of interest in trap shooting which is an excellent sport and one especially worthy of cultivation in a republic where military training is unknown and hunting is becoming more and more restricted.

On next Sunday evening, June 17, there will be no services in Hope church on account of the baccalaureate sermon to be delivered by Dr. S. M. Zwemer of the graduating class of 1923 of Hope College. Exercises will be at Carnegie Gymnasium at 7:30 o'clock.

According to the Zeeland Record the old gentleman C. van Loo is the only old soldier left in our neighborhood and he gave a Decoration day speech, not to old soldiers but to descendants of old vets. There are only eleven veterans remaining in the city of Holland.

G. G. Groenewoud, superintendent of schools of Ottawa county who has been principal of the public schools at Beaverdam for several years, has moved from Beaverdam to Zeeland and resides on South Maple street.

The Holland Merchants' baseball team will practice tonight at 5:45 at WaterWorks park. Everybody out. Anyone wishing to secure games with this team see or call Manager Ray Knoobhuizen at the First State Bank.

According to a report from the General Synod of the Reformed church it is shown that 23 ministers have passed away during the year '22. The Synod is meeting at Aubrey Park, N. J. and will remain in session until next Thursday.

Hugh E. Lillie a Grand Haven attorney and justice of the peace, has returned from Rochester, Minn., where he spent several days with his brothers Dr. H. E. Lillie and Dr. Ivan Lillie at the Mayo hospital.

Mr. Martin Dunning and Miss Anna Kool were quietly married at their future home, June 8th at 7:15. The ceremony was performed by Rev. E. H. Einink. The bride wore a dainty white Canton Crepe dress and was attended by the bridesmaid who was dressed in a dainty blue Canton Crepe dress. They were attended by Mr. and Mrs. Wm. Vorkink. The young couple will be at their future home 51 E. 15th St. after June 15.

The Junior Girl Scouts of Holland High school are taking a hike every two weeks. A few days ago they packed up their troubles together with some lunch and started toward Zeeland but couldn't get by the cozy spot near the Waverly Stone quarry. A big camp fire was started, supper was served, business was transacted about the blaze, followed by a base ball game which was called on account of darkness after which the hikers hiked home. It is not stated whether they took a "dip" in that big swimming hole or not.

Madalyn Phillips entertained 18 of her little friends in honor of her 11th birthday anniversary Friday night. Those present were: Carmen Taylor, and Helen Williams of Grand Rapids, Helen Deagon, Pearl Telegenhof, Annie Vetter, Lila Heijtsje, Norma De Maat, Marjorie Weersma, Ellen Jane Bertsch, Helen Steketee, Henrietta Cummings, Dorothy Hoogenstyn, Olive Van Etta, Dorothy Cooke, Alice Zachart, Betty Telegenhof, Eleanor Sandy, Audrey Deasing. Games were played and prizes won by Dorothy Hoogenstyn, Carmen Taylor and Pearl Telegenhof. Miss Phillips received many pretty gifts.

Frank Maher of Allegan, was found guilty of possession and transportation of liquor by a jury in circuit court Tuesday morning. On the night of Feb. 8, the sheriff received a telephone call that a man by the name of "Frank" would drive a car up to the interurban station in Allegan and that he had liquor in it. Sheriff Leo Hare drove down to the station, he testified and waited. Maher drove up and went toward the station, while Sheriff Hare went over to his car and took out a gallon jug of liquor and two quart cans, he says Maher ran up the tracks, he testified and then returned. Whereupon the sheriff arrested him.

Rumor has it that the biology class of the high school had a hard time making port after their picnic on Thursday evening. The intention was to go to Saugatuck but the storm and fog came up and the picnic was held at Jensen instead. Making an early return home a large and small yacht left Jensen Park. The fog became so dense that the large one backed up to the docks against the smaller boat got as far as Central Park however, and ran on the beach and with the aid of a row boat the few students were taken off. At no time were any of them in danger. The row boat was used only so that pupils would not get their feet wet. All took the interurban cars for Holland.

There will be dispensational and typical Bible teaching every Wednesday evening at 7:30 during the summer in the Berean church, corner of Maple and 19th street, on the book of Genesis. All are welcome.

The Graham & Morton Co. Sunday started its direct line between Holland and Chicago instead of the triangular route via St. Joseph and Benton Harbor. The steamers will be operated on daylight saving time, leaving Holland daily at 9:30 p. m. Sheriff Fortney is sending out notices stating that he has been hearing complaints during the past month that dogs throughout the country are running rabbits. He wishes to state that unless this practice is stopped the dogs will be shot. A law was passed in 1919 concerning this matter.

The devastated area on the Lake Michigan front at Macatawa Park, caused by last summer's destructive fire in which 31 cottages were burned, has been partially rebuilt. Seven new cottages have been erected and with two exceptions are ready for occupancy when the resort season opens. The homes are better built on concrete foundations and range in cost from \$3,500 to \$7,500. Other cottages are being planned.

Mr. Schaddel stated that during day off and now he intends to take a vacation of a month or so to make up for it before he starts into something else.

Rev. H. Beets, mission secretary of the Christian Reformed denomination, addressed the Central Ave. Christian Reformed congregation of Holland at the first and last services Sunday.

The discovery of ten quart bottles of moonshine in a chicken coop in Allegan county reduces the goose that laid the golden egg to a mere piker, in the opinion of some.

Prof. A. Raap, educational and financial secretary of Hope college and instructor in the Holland language at the same institution preached at the Fourth Reformed church, at Grand Rapids Sunday.

Pearle F. Collins, mail carrier on the Pere Marquette between Holland and Chicago, has been in the service for 30 years. Collins states that in all that time he has traveled at least a million miles.

The Benjamin Parliamentary Law class of the W. C. T. U. will meet on Friday afternoon with Mrs. W. E. Van Dyke on the North Side. The lesson will be the first part of book four. A good attendance is desired.

A marriage license has been issued in Laketon, Allegan county to Elmer Teusink, 21, and Miss Anna Wolters, 18, Holland. Also in Hamilton, to John Greenhild 21, Hamilton and Miss Mamie Raab, 24, Dor, teacher.

A U. of M. professor will this summer carry on biological investigations of the lakes and streams of Michigan, to determine what kind of fish will thrive best in certain waters. The polite kind of fish that always let the other bite first have marked advantages in our opinion.

Arrangements are being made for a base ball contest between the teams of the Junior High of Holland and the Junior High of Grand Haven. The plans are being made by Mr. Bos, for the Holland Junior High, by Mr. Almy, principal of the Grand Haven Junior High, and County Y Secretary Smith.

Mrs. Tony Sietsema 262 20th-st., W. is anxious to locate her sister, Mrs. Hattie Sterken, nee Hattie Meyer, from whom she has not heard for three and one-half years. The last letter received from her was while she was working in a restaurant in Grand Rapids. Mrs. Sterken is described as a brunet 27 years old, weighs about 160 pounds and about five feet 10 inches tall.

Beginning July 1st the dentists of Holland will have their regular weekly half holiday on Wednesday afternoon instead of on Thursday. The dentists had a half holiday the year around on Thursdays but they will now use Wednesday afternoon for this to correspond with the half holiday of the merchants in summer. The merchants will have Wednesday afternoon off only in summer while the dentists will continue this half-holiday the year round.

The Young Ladies Mission Circle of the Ninth Street Christian Reformed church gathered at the church parlors and listened to a very interesting discourse by Miss Florence Branderhorst who has just returned from New Mexico where she visited the Tohatchi mission. Other features of the program were two piano solos by Miss Ella Laning. Reports from the secretary and treasurer showed that the organization was in flourishing condition and a picnic was decided upon to be held Thursday, July 26.

Hope students have indorsed the following creed: "I am a Hopeite. I believe in honor I believe honor to be one of my priceless possessions. I treasure to be jealously guarded and often looked to. I believe in honor in all relationships of life, in all phases of campus activity. I believe in school honor, in athletic honor, in literary honor. I scorn to receive credit for work I have not done. I grieve to see standards lower than the highest prevail on the campus. I pledge myself, with utmost devotion, to further the cause. I am a Hopeite."

Dr. Samuel M. Zwemer of Cairo, Egypt will preach the baccalaureate sermons Sunday. He will address the high school at First church in the forenoon and the Hope College Graduates at Carnegie in the evening. Mr. Zwemer will leave for Egypt June 23, from New York.

School in the grades was dismissed Tuesday at Reed City by Supt. W. W. Gurner, formerly of Holland, for the services attendant to the laying of the cornerstone of Reed City's new \$85,000 high school structure which is rapidly assuming form under the direction of Engineer F. A. Horner of Grand Rapids. Members of this year's graduating class sang the high school song written years ago and Mayor H. W. Hawkins gave the address.

A large number of Holland members went to Benton Harbor Monday morning, their cars decorated with Exchange Club banners.

Miss Dorothy Den Herder of Grand Haven is visiting her parents, Mr. and Mrs. J. H. Den Herder.

Born to Rev. and Mrs. Bernie Mulder, of Muskegon Heights, formerly of Holland, a girl.

A group of the young married set from Grand Rapids enjoyed a house party over the past week-end at "Beechwood," the home of Mr. and Mrs. Henry Idema on Black Lake.

Mrs. W. H. Burton and son Russell left Tuesday morning for Lansing to attend the graduating exercises of Miss Eva Burton from the School for the blind.

A batter in a ball game at Taylorville was hit by a pitched ball while looking at some girls in knickers and had to be sent to the hospital, but he hopes to be out in a few days and to be able to look again.

The annual conference of the Adventist church in eastern Michigan will open in Jackson on June 21 and remain in session until July 2. Fifty men will begin the erection of tents for the meeting.

Clifford Nash, the first of the week while fishing caught a pickerel in Black lake measuring just 36 inches from tip to tip. He has entered the catch in the Holland Rod and Gun club's competition for a prize as the largest pickerel caught during 1923.

Mrs. L. Vollmer of Robinson township brought the first home-grown strawberries of the season to the City Grocery at Grand Haven on Saturday. Bass River berries also arrived in that city Tuesday morning.—Grand Haven Tribune.

Ivan Armstrong, the two and a half year old son of Mr. and Mrs. Edward Armstrong of the North Side died Monday evening of diphtheria. The funeral was held Wednesday at two o'clock at the home, Rev. J. M. Vander Kleef officiating.

Rev. M. A. Stegeman, pastor of the Reformed church of Overisel has received a call from the Reformed church of North Holland. Rev. C. Sopples, pastor of the Reformed church of Allendale, has declined a call from the Reformed church at Crestwood, N. D.

The Uthlas club, an organization on the Hope College campus devoted to study of the Dutch language and literature, held its regular business meeting. The following officers were chosen for next year: president, Richard Van Farow; vice-president, Jake Blauw; secretary-treasurer, Nicholas Bruinix.

A Sedleky, a farmer living on the Grand Haven Rural Route 7, came near having a serious mishap Monday morning. The horse which he uses to drag his produce cart to the city was knocked down by contact with the interurban car. "Dobbins" was proof against the electric car however and after picking himself up was soon on his way.

Luther Karsen, confessed slayer of his neighbor, John Westveldt, Monday waived examination before Justice S. C. Brady and was taken before Judge Cross where he pleaded guilty. Testimony will be taken on Thursday to determine the degree of the offense. Karsen retains his stoical calm and has given no reason for his deed. He owns a valuable farm and other property and is arranging with relatives for care of his properties and his aged mother.

PERSONAL

Mr. J. A. Hoover was a Grand Rapids visitor Friday.

Eddie Haan is the guest of his parents, Mr. and Mrs. G. T. Haan for a few days. He is traveling for the Holland Shoe Company in its western territory.

Miss Vera Rito, who has been in Chicago the past winter is visiting at the home of her mother on West 12th street.

Mrs. L. Kilne underwent a successful operation for the removal of a tumor at her home, 270 Lincoln Ave., Monday forenoon.

The Misses Henrietta and Jennie Bolman motored to Holland, to spend the week end Mr. and Mrs. Oudemolen.

John William Kanter, son of Mr. and Mrs. L. M. Kanter, of Waukegan, Wis., arrived on Sunday, June 10, at the home of Rev. Canon and Mrs. Davis, Port Colborne, Ont.

A. J. Diekema has returned from a business trip to Chicago.

Rev. A. Benjamin editor of the Wisconsin Christian Advocate is in the city calling on friends.

Miss Maurine La Cuff has returned from Cottage Grove, Nevada. She was one of four students to win the highest grade for the entire school.

Prof. Robt. Evans was in Grand Rapids on business Tuesday.

MOSQUITOES FLY 40 MILES AN HOUR

Jersey mosquitoes have a flying speed of 40 miles per hour according to Dr. H. H. Brinkner, chairman of the Hudson county mosquito extermination commission. There are 40 different varieties, he said.

MUSKEGON GETS MANY THINGS FROM THE C. OF C.

A delightful meal and an unusually pleasant and instructive two hours were what 30 members of the Holland Chamber of Commerce received Monday evening at the Mary Jane Inn at Jensen Park.

The meeting was called in order that the officers and chairmen of the different committees might listen to a talk from a real up-to-the-minute secretary from another city where the conditions paralleled with ours.

The Holland organization is casting about just now as to what to do relative to a paid secretary and Mayor Stephan has called meetings from time to time in order to ascertain as to just what is best.

Anyway the Mayor opened the meeting telling those present why they were there and then proceeded to introduce Mr. J. C. Beukema, secretary of the Muskegon Chamber of Commerce.

Mr. Beukema spoke for at least two hours and left little untold as this relates to Chambers of Commerce generally, in either large or small cities. He told of the time when the first Chamber of Commerce received its charter. This was in the state of New York in the year 1778, given by King George of England. The second chamber was established in 1800 at Charleston, S. C., and this made but two of such organizations in the United States.

In 1895 chambers of commerce sprang up all over the nation, one advocating this and the other that. Today there is a more concerted effort to co-operate and conduct these bodies more along the uniform lines and plans everywhere.

Mr. Beukema stated that he discouraged bonus factories and that while Muskegon happened to be successful in the earlier days 70% of its bonus industries panning out well, elsewhere 90% of the bonus factories were failures and as an example he mentioned Ludington, Greenville and other cities in Michigan.

He also does not believe in stock jobbing the people in order to get the new industries. Mr. Beukema mentioned one city where more than a third of a million dollars was lost because a Chamber of Commerce had endorsed stocks in an absolutely worthless proposition. Muskegon today gives factories nothing any further than to point out the advantages of the city as a place in which to make money.

The live wire secretary demonstrated how Muskegon got its \$1,500,000 harbor improvements, also its extra money for good roads, its new state park, how it handled its housing difficulties thru a building and loan association, and many other projects that have meant much for Muskegon.

The Chamber at Muskegon is a very democratic organization for men in all walks of life are its members. In order to find out those things that citizens thought were the most necessary for Muskegon, the sentiment of the public was first obtained and these wishes were largely fostered and followed out if found workable.

After the discussion Mr. Beukema was bombarded with questions which he answered rapidly and intelligently and after the meeting the Holland Chamber voted that Muskegon had a real live secretary.

PRINTING JOB SHOWS ACTIVITIES OF THE RED CROSS

Pocle Brothers Printing Co. of the city has been awarded a job that is perhaps the largest single printing job ever turned out in Holland and that furthermore gives some idea of the enormous proportions of the work of the American Red Cross. The job was awarded by the National Supply department of the American Red Cross and it consists of receipts or membership cards. These receipts or cards are used in the annual membership drives of the Red Cross throughout the United States.

The order to be turned out by the local concern consists of ten million cards in ten series of one million each. A specially made mill run stock is to be used, the orders calling for 250,000 large sheets of this paper. The paper weighs 77,500 pounds and fills two carloads.

The cards are printed on both sides in two colors, the patriotic colors of the cards naturally being red, white and blue. The cards are numbered and perforated and are put out in batches of fifty cards each. The local concern will get shipping instructions from Washington and it will be the work of Pocle Bros. to handle these orders to all the Red Cross chapters in the various divisions throughout the United States.

Ben Wiersema of Pocle Bros has figured out that if the cards that his company is to print in this order were laid end to end they would reach from Holland to New York and then they would be enough to reach from New York to Detroit. If the cards were stacked one on top of the other in a neat pile it would make a column 3,353 feet high or a height of approximately a mile and a half. The cylinders of the press that is to print the cards will have to go around so often that if it should travel along on the ground it would go about a thousand miles.

GRAND HAVEN HAS AN EDGE ON THREE PLANTS

Grand Haven Tribune.—Three manufacturing plants have this city under consideration as a location for their factories at the present time. Competition is keen among the various cities and towns of Michigan, however and it is a toss up which community will be the favored one. The Chamber of Commerce here is not asleep at the switch however and put forth its best efforts to attract these companies.

One concern is located in Detroit, another in Chicago and still another is located in northern Michigan. Sec. McCreia left Monday for Chicago to investigate the concern there which is regarded as being the best prospect of the lot.

As usual the terms which are made between the Chamber of Commerce and the companies which they are seeking to land will make all of the difference imaginable.

No details in regard to the Chicago company are known at present but it is authoritatively stated that the concern is one with plenty of capital backing it. Its motive in relocating is also one of securing the best possible location for the business according to its statement.

The other concerns are well known in the commercial world and efforts will be made on their side. Labor conditions tax rates and other things are taken into consideration when a concern is considering relocation.

Save First Safety is First

The Way to do this is SAVE FIRST -- and SPEND WHAT IS LEFT!

You know from experience that is you plan to save the balance that is left after you have paid for your necessities and pleasures there often isn't any balance to save.

A dollar opens a savings account. Set aside an amount of money, a certain per cent of your income to be saved each month—and then SAVE it, and live on what is left.

Firmly entrenched behind a growing bank balance, what financial obligation, what unlooked-for necessity can cause you anxiety? But this immunity from worry can not be attained by theorizing about it. It must be lived and practised.

Save First-and Spend what is left

Your Saving Bank.

First State Bank

Holland, Michigan.

Resources Nearly Three Million Dollars.

PERE MARQUETTE JOINS IN NEW SAFETY DRIVE

The Pere Marquette Railway has joined with other roads throughout the country in a four months' campaign to prevent crossings accidents. While this work is carried on by certain railroads more or less thruout the year an intensive co-ordinated movement was inaugurated on June 1st and will continue until the end of September, as was done last year. The movement is not alone confined to the employees of the railroads, but the messages are intended for the general public as well. There is a particular appeal to the reckless motorist to save him from his own folly while crossing the railroads on a highway. "Cross Crossings Cautiously" is the gist of the message to that class of potential and probable fello-de-sees and homicides. From time to time, thruout the year, the Pere Marquette Railway addresses messages through the press calling attention to this wanton and criminal negligence, nevertheless the toll is still an appalling one. Despite the campaign there was an increase in fatalities and injuries of this nature last year as compared with the records for previous years. The sacrifices are too great. There is no reason for any of them.

Aside from the motorist's own indifference to his safety and those who are riding with him, the railroads are interested in abating this recklessness, in their own interests. While in 1922 cases out of 100, only the occupants of the motor cars that try conclusions with railroad trains, will be injured, there is an occasional accident where the train crews and perhaps passengers may be killed. Railroad engineers who are carefully trained in the science of safety are too often completely unnerved by the criminal recklessness of drivers of motor cars approaching railroad crossings. A little less speed and a little more care is required to avoid accidents, at the railroad crossings.

Analysis of the various accidents that occur evinces these seven principles that form the credo of the Safety First Apostles:

I will not fail to stop, look and listen to see if a train is arriving, and after a train has passed make sure no other trains are approaching in either direction, before crossing the tracks.

I will not walk on railroad tracks or bridges.

I will not allow children to play around railroad tracks or stations.

I will not crawl under or between gates after they are down, but will stop until trains have passed.

I will not allow children to play around turn-tables, cranes, cars or other railroad property.

I will not use the railroad tracks in getting to my destination, but will use the streets and highways instead.

HOLLAND SCHOOLS GET NORMAL VALEDICTORIAN

Miss Irene Hartzelle, a graduate of the June class of Central Normal at Mt. Pleasant, holds the distinction of being the valedictorian of the largest class ever graduated from Central Normal at any commencement. Miss Hartzelle is a senior on the primary life certificate course and will receive her diploma June 19.

Miss Hartzelle's home is in Gavioli. She will teach in the Holland schools.

LOCAL EMPLOYEES PROFIT BY NEW INSURANCE PLAN

Employees of the local plant of Pocle Brothers Printing Company will be benefited by a new step taken by that concern by which all the company's employees will be covered by disability insurance. This is a new plan that was worked out by the Pocle Bros. company, no other plant in America having exactly the same plan. It was worked out with the needs of the Pocle Brothers employees in mind. Several insurance companies worked on it from September, 1922, to March, 1923, before a satisfactory system could be arranged.

Here are some of the details of the plan as given in "The M. Quad", the house organ of the Pocle Bros.: "Employees are insured by various sums governed partly by their salary and partly whether they are married or single. The amounts are in multiples of \$5.00 a week. By special arrangement with the insurance company employees may take out additional insurance at their own expense. The total amount, however, that any employee may have cannot exceed \$50 per week or 75% of their salary.

"No physical examination is required.

"You are protected by this insurance at all times not only during the working hours but the entire twenty-four hours of the day, and payments continue as long as you are unable to resume the duties of your occupation. "No indemnity is to be paid for the first seven days of any disability, payment beginning with the eighth day of disability.

"In case of sickness the employee must be under the care of a legally qualified physician and the certificate of the attending physician shall be furnished as part of the proof of claim together with certificate of Pocle Bros., showing the actual time absent from employment.

"Special forms covering notification of illness or accident and including attending physician's and employer's certificates will be sent to the employee upon request and must be properly filled in and returned.

"It is a part of the policy that insurance shall not be effective or cover any loss where the disability is caused by injuries received or illness beginning or conditions existing prior to the date that this policy became effective April 1, 1923.

"Benefits are payable direct to the employee and will be paid after proof of disability is filed, at the expiration of each week during the continuance of disability.

"If any employee leaves the service of Pocle Bros., insurance ceases at once. If the employee, however, has paid for extra insurance the amount paid will be rebated pro rata for the unexpired period."

THIEF RAIDS DOCTOR'S OFFICE FOR MORPHINE

The office of Dr. A. Nix and Dr. Flihn, at Allegan, Michigan was robbed during the noon hour Monday. When Miss Phoebe Nichola, the office girl returned from dinner, she found a young man at the cash drawer. He secured about \$5 in money besides a quantity of morphine tablets and made his getaway. He was about 21 years old and wore a brown suit of clothes and a checkered cap.

GEORGE GETZ OFFERS TO FINISH ALPENA ROAD

Completion of one thousand feet of pavement on the Alpena Beach road near Holland was announced Tuesday by the Ottawa County Road Commission. This leaves about a quarter of a mile of unpaved road near the location extending from the hill west to Lakewood farm and Lake Michigan Beach.

In order to have this stretch paved and also to get work done while the paving machines are on the job, Geo. Getz has offered to advance the county the required sum which will insure pavement at this time. The sum can be repaid by the county when convenient.

Cline & Bolens, Spring Lake road builders, have completed the thousand feet of concrete highway which was provided for by the county road funds and while the paving machinery and material is on the spot, it was thought that much could be saved by making a clean sweep of the project. This would mean quite a saving.

The stretch of roadway to be paved is about a quarter of a mile in length and is in poor condition and should be paved as soon as possible.

It is estimated that the amount of money which would be needed to pave the quarter mile, would run in the neighborhood of eight thousand dollars. Mr. Getz has offered to advance the county sufficient funds for the construction of the road with the stipulation that the county pay it back at any time convenient to them.

Mr. Getz's offer will be acted upon this Thursday at a meeting of the Ottawa county road commission. No intimation has been given of sentiment in regard to it though some warmly approve of the proposal as being an efficient one in that it will clear up all work on the roadway.

There can be no possible reason why the road commissioners should not accept the offer of Mr. Getz. The county or state can lose nothing thereby and the offer is a most liberal and timely one.

Certain other matters will be considered at the meeting which have a bearing on road policies. Nothing has been done in regard to either the Muskegon or Grand Rapids road as yet.

EAST SAUGATUCK GIRL WEDS FORMER HOLLAND MAN

A beautiful wedding was solemnized at the home of Mr. and Mrs. Henry Hamberg at East Saugatuck when their daughter Dena was united in marriage to Mr. Clarence Dykhuil, of Vassar, Mich., formerly of Holland.

The bride wore a white Georgette dress heavily beaded. Her veil was of white silk net, the crown pinned with a row of pearl beads with orange blossoms on each side. She wore a beautiful string of pearl beads and carried a large bridal bouquet of roses and swansonia. The couple were unattended.

The rooms were beautifully decorated and the ceremony was performed under an arch of evergreens and roses, with a large bouquet of flowers on each side. The vows were said under a large white bell. The tables were also decorated with large bouquets of flowers.

The young couple left immediately after the wedding supper on a short wedding trip through the East.

Mr. Dykhuil is a graduate of the Preparatory department of Hope college and of the Holland Business College. He is employed by the H. J. Heinz Co. at Vassar, where the young couple expect to make their home in the near future.

DEPUTY GAME WARDEN HERE AFTER DOGS

A great many complaints have been coming in to both the sheriff's department and to the office of Game Warden that dogs were chasing rabbits and some very strenuous protests have come from citizens near Lakewood and Williams woods that dogs were also chasing wild pheasants from their nests and spoiling the set.

For that reason Deputy Game Warden Frank Salisbury is in the city with his ire up and with his six shooter on the hip.

He will go through the neighboring woods along Lake Michigan north of Black lake and find out whose dogs have been playing mischief with the game and the dogs found guilty will be shot and the owners will be taken to court and be asked the reason why their dogs were running loose.

Complaints do not come from this part of the county alone. Mr. Salisbury states that requests to have this state of affairs stopped come from all over the county and Sheriff Portney and the state game department are co-operating in putting a stop to game running by dogs.

Some Golden Pheasants were placed in this neighborhood a few years ago by Deputy Homkes, Atty. Thomas N. Robinson and a representative of this paper and those living in the neighborhood where these were let loose say that the birds were doing nicely and that not a few young have been seen from time to time.

FORMER LOCAL MAN WRITTEN UP IN INSURANCE MAGAZINE

"The Haight Accelerator," a house publication issued by Frank J. Haight and his associates of Indianapolis and Des Moines, contains a cut of Mr. and Mrs. George Van Duren and son Allen. Mr. Van Duren is assistant secretary of the Indiana State Life Insurance company, and under the heading of "Van" the publication devotes more than a page to him. He is the son of Mrs. G. J. Van Duren of Holland.

The article describes interestingly how some years ago when Mr. Haight was ordered by the doctor to take a rest George Van Duren was told by wire to take charge while Haight was gone. "All the Chief had time or strength to tell him," the article continues, "was 'Here's the office and here's the business; keep it running.'"

"The Chief came back in a couple of months all well again and the business prospered and everything was fine till the war broke things up and George sailed for France with the other 1,999,999." And then the article goes on to tell of his experiences in France. And on his return the opportunity came for him to take a stay-at-home position, namely as assistant secretary of the State Life, and he has held that place since then.

NEW SUPERINTENDENT NAMED FOR THE HOLLAND MAID CO.

Mr. and Mrs. George Bitler of Dayton, Ohio, are staying at Pine Lodge for the summer. Mr. and Mrs. Bitler expect to make Holland their home. Mr. Bitler having accepted the position of superintendent with the Holland Maid Co. Before coming to Holland, Mr. Bitler was superintendent of the Davis Sewing Machine Co. of Dayton, O., and prior to that he was foreman at the National Cash Register Co. for eight years.

Mrs. Bitler was founder of the Browning Literary Club of Dayton, and served as its president for two years, vice-president of the City Federation of Women's Clubs for two consecutive terms, chairman of the Pure Food and Market Committee of Dayton, president of the Lincoln Mother's club for eight years, and an active and prominent speaker in the Montgomery County Woman's Republican club. During the World War she was educational director of the War Savings division of Montgomery county and had charge of the sales negie Institute of Technology, Pittsburgh, Pa.

NEW STORE TO HOLD OPENING ON SATURDAY

The Woolworth Five and Ten Cent store will hold its formal opening in its new location on the corner of Central and Eighth on next Saturday, June 16. The Woolworth company has been trying for several years to secure a store in Holland that would be up-to-date in every respect but it was impossible to get the right kind of store and the right location. When the opportunity came to secure the Peters building the company took it and made preparations for opening a store that would be a credit to a (1) twice the size of Holland. The new store will be metropolitan in every respect. It has three times the floor space that the old building has, which gives the company the opportunity to put in a much larger line of goods.

The store will open on Saturday with about fifty clerks and a number of special sales will be held. The opening will take place at nine o'clock in the forenoon.

BURNED EMPTY SHELLS AND WRAPPED GUN IN SOME CLOTHING

Luther Karsen, the Hamilton man who shot and killed John Westveld last Saturday after a quarrel seems to have had some nebulous notion of hiding the crime immediately after the rash act, although later he freely allowed himself to be taken and still later confessed his crime to Prosecuting Attorney J. C. Montague of Allegan county.

After killing Westveld, Luther, according to his confession, put the empty cartridges into the kitchen cook stove, apparently with a view of removing the trace of his crime. He then wrapped the gun in some clothing and hid it in a closet. Having made these preparations, he sat down quietly in his home and awaited developments, which came in the form of Allegan county officers who arrested him. He made no resistance.

VISITING PASTORS WILL SPEAK AT WESLEYAN CHURCH

Rev. M. H. Kingsbury and family left Tuesday morning for points in southern Michigan and northern Ohio where they will spend their vacation. Rev. Kingsbury will be away from his pulpit for two Sundays. Rev. Harry Reed who is conducting a tent meeting in Zeeland will speak at the morning services in the Wesleyan Methodist church on June 17 and 18. Mr. Fred Vander Weide will have charge of the evening services on the same days.

NEW EXCHANGE IS EXPLAINED TO OTTAWA FARMERS

Seventy-five members of the Grand River Fruit Growers' Association attended the big fruit meeting which was held in the court house at Grand Haven with fruit growers from Grand Haven township, Spring Lake, Crookery, Olive, Robinson and Allendale present.

The meeting was addressed by W. C. Gribbs of the state market bureau. Mr. Gribbs addressed the assembly on the proposed Michigan Fruit Growers' Exchange, explaining the way in which the organization would conduct their business.

The main thing which the proposed Michigan Fruit Growers' Exchange will attempt to do will be the marketing of this season's grapes. Next year a bracing out will be made and the marketing efforts of the organization will include every kind of fruit produced in this state, according to Mr. Gribbs.

A headquarters for the Exchange has been located at Benton Harbor and it is expected that another one will be established for Western Michigan in Grand Rapids, Ottawa county growers intend to connect with the Exchange in order to more successfully market their product.

NEW PARSONAGE IS BEING BUILT AT EAST SAUGATUCK

A new parsonage is being erected by the East Saugatuck Christian Reformed church at a cost of between \$8,000 and \$10,000. The contract for the job was let to Henry Sterenberg and the building is advancing rapidly. It is expected that it will be ready to occupy in about six weeks and will be one of the finest homes in that section. The contract for plumbing was let to D. Steketee and a Delco lighting system will be put in.

The new parsonage replaces the house that was burned to the ground last December and which had served the family of the minister of that congregation for more than a quarter of a century. The new house will be a frame building of 28x40. It will be equipped with all the modern conveniences including a private electric light plant, a private water system, furnace, and so forth. The new parsonage is being erected a little farther away from the church than the site of the old building. Rev. H. J. Geerlings is pastor of the church.

Now is the time to prevent your Instant Plant Life Cartidges made by the Dutch Plant Food Laboratories at Holland.

HOTEL OTTAWA WILL PLACE 2000 SHARES OF STOCK ON MARKET

At a meeting of the Holland Chamber of Commerce held at the Mary Jane Inn Monday night a proposition came up that received the moral encouragement of the officers of the chamber.

Hotel Ottawa Co. is to place 2000 shares of 7% preferred stock on the market and the money raised in this way will be used to lay new walks, build swimming pools and make other necessary improvements.

A letter from Mr. Fred Pantlind setting forth the possibilities of this stock as an investment was read by Mayor Stephan and in a resolution the officers and board of directors approved the securities and also the men back of the project.

The officers of the company are: Fred J. Pantlind, president; E. J. Montgomery, vice president; L. S. Richardson, treasurer, Albert Stickley, secretary.

The directors are G. J. Diekema, A. H. Landwehr, Charles R. Sligh, Wm. M. Bertles, Nat Robbins, George F. Getz, Robert Erwin and Ferry K. Heath.

SUMMER VISITORS ARE RETURNING TO THEIR COTTAGES

Resorters have been coming back to the Black Lake resorts the past few days and the advance guard of them seems to show that the number will come this summer will be as large as ever. The schools in the cities have not yet let out and for that reason most of the resorters are remaining at home for the present. Many of those that have already arrived are families in which there are no school children.

There are a number of these early visitors who come here to enjoy the fishing. They know from experience that fishing is best in the spring and the fall and that there is often a let-up during the extreme heat of the resort season. So they are taking time by the forelock and are putting in some of these pre-season weeks fishing. And they have been having pretty good luck lately. Speckled bass and perch have been biting most of the spring and during the past day or two white bass have also been biting so that good catches have been made. Not only did the resorters get their share of white bass but a number of people from Holland and Grand Rapids were Johnny-on-the-spot and came home with all the fish they desired.

Another type of summer visitor who makes Holland his home during the warm months is the minister from other communities, and a few of these have also arrived. A great many Reformed ministers in other states spend their vacations in Holland, and there is also quite a sprinkling of Presbyterians and men from other denominations. Some of these are already installed in their summer cottages at the various Black Lake resorts, while June, July and August will bring many more of them here.

The backward season has had little or no effect on summer visitors and prospects for a busy season are bright.

DR. SAM M. ZWE-MER WILL MEET WITH QUEEN WILHELMINA

President Samuel M. Zwemer and Rev. Henry E. Cobb were appointed to represent the Reformed church in America in presenting memorials to Queen Wilhelmina of Holland this summer on the occasion of the celebration of the 25th anniversary of her coronation.

This was decided by General Synod now convening at Asbury Park. Vital changes in seminaries of the Reformed denomination were voted by its general synod when the report of the committee on seminaries was accepted in full. One change requires that in order to be eligible for diploma from a Reformed seminary a student must be a college graduate; another changes the status of the president of the New Brunswick Theological seminary from president of the faculty to president of the institution; a third places affairs of this seminary in control of a board of managers instead of the two committees which previously have been in charge and a fourth inaugurates several new courses including one which will lead to a directorship of religious education.

NO MILK FROM INFECTED COWS

The city clerk and the city health department are co-operating to secure an absolutely pure milk supply for Holland, and these two departments Tuesday jointly issued a statement to the effect that now is the time for the farmers and milk peddlers to see to it that they are properly protected with the necessary license. No milk may be sold in the city of Holland that is not from cows properly tested for tuberculosis. A milk peddler may not purchase milk from a farmer unless the farmer can show him a certificate from a veterinarian in good standing attesting to the fact that his herd is free from the disease.

The peddlers cannot get their licenses from the city clerk unless they can show this certificate and so if the farmers wish to continue to sell their milk for distribution in Holland it is without delay and to take the necessary certificate to the peddlers.

The health department issued a statement that the milk ordinance will be strictly enforced and so peddlers who have not complied with the provisions may find themselves in trouble at any time. This definite action has been taken because the fact has developed that some milk peddlers and farmers furnishing the milk have become somewhat lax on this point. But public opinion is strongly behind the health department in its stand that no milk from tuberculous cows is to be sold in Holland. The lives and health of Holland's children are of far greater importance than any money consideration and medical science has sufficiently proved that tuberculosis in childhood is frequently the result of drinking infected milk. The health department is charged with protecting the health of children and so the milk ordinance will be strictly enforced. The burden of responsibility for seeing to it that no infected milk is sold here lies upon the dealers and farmers.

Hog values touched \$6.75 Tuesday, lowest prices since January 1912. It was announced by the United States department of agriculture.

RESIGNS AS CHOIR LEADER AFTER THIRTY YEARS

After having served the same church as choir leader for thirty years continuously, John Vanderlus has handed in his resignation to the music committee of 3rd Ref. church to take effect as soon as arrangements can be made for a successor. Mr. Vanderlus in handing in his resignation merely said that thirty years was a long enough period for any man in a position of that kind and that he desired a rest from the work.

Mr. Vanderlus has a record as choir leader that is probably without an equal in the state. It was thirty years ago this month that he became the leader of the Third church choir, but before that time he had been leader of the choir of the First Reformed church of Grand Rapids for 15 years, making a total period of continuous service as choir leader for forty-five years. Nor is that all. Before becoming choir leader in the First church in Grand Rapids he had been a member of the choir for five years, so that this month will mark the golden anniversary of Mr. Vanderlus's period of service in a church choir. There has been no intermission in the work in all that time but the service has been continuous.

Mr. Vanderlus has trained so many church singers during that period so that former choir members of his are now to be found all over the United States, and there are former singers of his choirs in five foreign countries serving as missionaries.

Mr. Vanderlus is much in demand for the training of choruses for church and Sunday school gatherings. A few years ago when the state Sunday school convention was held in Holland his chorus made a big reputation thruout the state and since then requests have come from many counties to train choruses for their county or district conventions.

SUGGESTS THE DEVELOPMENT OF LAKE SHORE ROAD

In interesting editorial the Grand Haven Tribune suggests the development of the lake shore road between Holland and Grand Haven. This road runs through the heart of the dune country and touches such interesting spots as Port Sheldon. The Tribune says in part:

"People who have become inoculated with the beauty and charm of the lake shore country sometimes deplore the fact that the West Michigan pike the fine concrete motor road extending between Grand Haven and Holland was not built along the old Lake Shore road, instead of on the present route. Those who planned the West Michigan pike, however, were undoubtedly governed in their decision to a great extent by the directness of the present route and by the fact that the road passed through the villages of West Olive and Agnew. The shore route though much more interesting and picturesque was somewhat longer and through less developed country. Taking all things into consideration the planners who laid out the W. Mich. pike road laid it where it is probably considered that the project had the best chance of going through as it is.

"The West Michigan pike will always be the road chosen by those to whom motoring means chiefly getting from one place to another in the shortest possible time. Gradually however there will arise a demand for more picturesque routes over less crowded country highways. In fact this demand is already being felt, wherever motoring is extensively done. It will be that way with the beautiful Lake Shore road. Once people have been able to travel over it for any length at all they will never forget its charm.

"Winding and meandering through old maple groves and beech forests, the old Lake Shore road runs close to the shore line. In many places the hills break or the road rises to the summit, and off to the west is the blue-green expanse of Lake Michigan. The lake shore country south of Grand Haven is one constant surprise with the joy of natural charm and beauty awaiting the traveler at every turn. It is the dune country at its loveliest, wooded slopes, cool shady woods and sunny meadows—and the ever-changing sands of the beach which reflect the moods of the sky. We who have always lived here, perhaps do not fully appreciate the charm and the rare beauty of the lake shore country. But its fascination is upon us, none-the-less. It can never be shaken off. The call to the lake shore will always haunt us, no matter how far we may wander away from it. We will always experience the rare joy of coming back."

WEATHER HERE FAVORS GRAIN AND BERRIES

The weather which this locality has been having for the past week, has distinctly favored the growth of crops according to C. P. Milham, Ottawa county farm agent. Mr. Milham said that corn was practically the only crop which was not favored by the present weather conditions. Corn is favored by warm weather and because of the fact that there has not been much of this, the corn is not flourishing at present.

Other crops are doing extremely well and shipments of home grown products are expected to start within a few days here. This will in a great measure replace those which have had to be shipped in. Strawberries have enjoyed great popularity this year as ever and quantities have been shipped in from states south of here. Michigan strawberries, grown locally, should start this week according to Mr. Milham who explained that recent weather conditions had done much to offset the nearly damaging effect of the weather during the latter part of May. It was thought during the dry spell that the strawberry crop would be entirely spoiled but rain came in the nick of time and saved the strawberries.

Benton Harbor exported their first strawberries to Chicago last week and before the coming week is over Holland is expected to be eating the home grown product this freeing the shortcake fans from the necessity of eating southern strawberries which usually get here in poor shape and which are conceded to be far below the class of the Michigan berry.

Aside from corn, all of the grains are doing very well. Potatoes are also thriving as is hay and truck garden crops. All indications point to a good season in the event of favorable weather continuing.

No idea has been gained as yet in regard to the fruit crops but growers are making great plans for marketing the crop this year.

MUST STAY AWAY FROM LOCAL RESORT FOR SIX MONTHS

The sentences handed out by local justices for driving a car while under the influence of liquor are gradually getting more severe and they appear to be leading up to straight jail sentences such as are being handed out in some cities to put a stop to this menace.

Tuesday morning Justice Den Herder fined Ralph Vanden Boegh, of Grand Rapids, \$50 and costs, and in addition to that he ordered the offender to stay away from Ottawa Beach for six months. Vanden Boegh was arrested at Ottawa Beach Monday night by Deputy Sheriff Vander West on the charge of driving a car while drunk. If the Grand Rapids man wants to go summer resorting this year he will have to find one somewhere else.

Bert Hadden was arraigned before Justice Den Herder on the charge of being drunk. This was a second offense and the justice imposed a fine of \$40 and \$3.35 costs. He was picked up on the street by Officer Zwierenga Sunday night.

HOLLAND AND ZEELAND BIRDS ARE AGAIN IN THE RUNNING

White Leghorns again walked away with the honors during the 31st week of the M. A. C. egg laying contest, the O. S. Thompson pen finishing the week with a high total of 57 eggs. Following the Thompson's pen for weekly honors are 18 Leghorn pens at or above the 50-egg mark. Following the 19 leading Leghorn pens are two Ancona pens owned by Harold Wide-man of Niles and C. M. Beckwith of Milford, each with a weekly total of 49 eggs. The Anconas have kept up a steady pace and although there are no outstanding high pens the breed as a whole now ranks next to the White Leghorns as producers.

The Shaw pen continues to lead the contest with the Northland farms of Grand Rapids second with 1252 eggs, only 140 in the rear of the leaders. O. S. Thompson of Allen holds third place with 1,138 eggs.

Leading pens in the respective breeds are: Plymouth Rock—Brummer's poultry farm, Holland, 1,159 eggs; H. E. Dennison East Lansing, 1,093 eggs; Mrs. W. H. Chilson, of Grandville, 1,074 eggs; Robert Christophel, Holland, 1,007 eggs.

Wyandottes—Evergreen Poultry Farm, Greenville, 1,036 eggs; B. Hazelton Smith, Niles, 913 eggs; H. A. Keiser, Bangor, 831 eggs; Carterlos farms Troy, Mo., 7786 eggs. Anconas—E. N. Manning Coldwater, 900 eggs; C. M. Beckwith, Milford, 846 eggs; Harold Wideaman, Niles, 821 eggs; Frank A. Van Bree Zeeland, 801 eggs.

Rhode Island Reds—C. N. Whittaker, Lawrence, 919 eggs; Mrs. E. S. Travis, Vicksburg, 888 eggs; Leon O. Duning, Delton, 845 eggs; B. A. Knowles, Azalia, 805 eggs.

HOLLAND TEACHERS' CLUB HOLDS ANNUAL PICNIC

The Holland Teachers' Club closed the activities of a busy and successful year with a picnic on Monday afternoon. The members motored to Highland Park where a delicious picnic supper was enjoyed on the beach. Bacon and coffee were prepared over the remarkably convenient stoves which have been so generously provided on the beach. After supper a spirited game of baseball was played between the men and women members of the faculty. The score was not recorded.

Hope For Sufferers From Disfiguring Goitre.

Health Talk No. 25
By
JOHN DE JONGE,
D. C. Ph. C.

The most dreaded ailment a woman faces is goitre. It is rare indeed that it is not

AFFECTIONS OF any of the following parts may be caused by nerves impinged on the spine by a subluxated vertebra:

BRAIN
EYES
EARS
NOSE
THROAT
ARMS
HEART
LUNGS
LIVER
STOMACH
PANCREAS
SPLEEN
KIDNEYS
SMALL BOWEL
LARGE BOWEL
GENITAL ORGANS
THIGHS & LEGS

disfiguring, as well as the cause of much suffering. It is a big thing to say to such women that such suffering is rarely necessary, for in chiropractic there is a method of correction which has been effective in case after case. It works in a perfectly natural way that is different from any other form of treatment. It succeeds where other methods fail because it gets at the cause and removes it. Where there is a competent chiropractor there is always hope for the sufferer from goitre.

By chiropractic spinal adjustments normal transmission of life impulses over nerve lines to the affected region is restored. By pressure on the nerve there is irritation and overstimulation, by removing that pressure there is normal action absorbing the over growth and reducing the swollen pressure on surrounding areas.

Suffered Two Years

"I wish to state that I have been greatly benefited by chiropractic spinal adjustments. I suffered over two years with exophthalmic goitre. It was beginning to make swallowing a hardship and to bother my eyes. A friend advised me to take chiropractic and after two months of adjustments I was feeling much better and after four months of adjustments my goitre had entirely disappeared. Chiropractic deserves the credit."
—Stella Ebert, Chiropractic Research Bureau, Statement No. 1360K.

Mr. John M. De Haan and Mr. John R. Hager, Hone graduates of 1922, who have attended the University of Michigan the past year, will receive the degree of Master of Arts at the annual university commencement exercises, June 15th.

Both of these men have made fine records in their advanced philosophy and psychology work, and have now achieved membership in Acolytes, the honorary philosophical society.

SYNOD MAY MEET IN THIS CITY IN 1925

Dr. S. M. Zwemer, of Holland and Cairo, Egypt, has been elected president of the general synod of the Reformed church now in session at Asbury Park, N. J. Dr. Zwemer succeeds Dr. Albert Oltmans, of Holland and Egypt in this office. Dr. Oltmans having filled the place the past year.

It is likely that the general synod will meet in Holland in 1925. At least an invitation has been extended by the churches in Holland to have the delegates come here, and before the synod adjourns it will act on this invitation. The synod met in Holland a few years ago when the members of the church's governing body were the guests of Hope College and the churches of Holland. The growing importance of the Reformed churches in the west has given rise to the plan of having the synod meet in the west every three years instead of having all the meetings at Asbury Park, N. J., as has been the custom

for many years, with two or three exceptions. The present synod is the largest in the denomination's history. There were 175 delegates at the meeting Friday.

Other officers named, besides the president are: Rev. Henry N. Cobb, New York, vice-president; Rev. Victor J. Bleking, Cohoes, N. Y., S. Zandstra, Blue Island, Ill., and C. Van der Meulen, Rochester, N. Y., clerks. Rev. J. Van Zomeran of Grand Rapids was chosen chairman of the committee on benevolent societies and Rev. J. A. Dykstra of Grand Rapids chairman of the progress committee.

ABOUT 750,000 AUTOS NOW OWNED IN MICHIGAN

The increase in the number of automobiles driven in Michigan this year is shown by the fact a secretary of state's office has ordered an additional 25,000 license plates, bringing the total for the year to 700,000 against 581,000 for last year. New licenses are being issued at the rate of 500 a day and at least 25,000 and perhaps 50,000 more will be needed before the number just ordered have been received.

ALLEGAN SHERIFF GETS LIQUOR TIPS BY TELEPHONE

Daniel Coffey was found guilty of the possession of intoxicating liquor by jury in circuit court at Allegan. Coffey had pleaded not guilty to this charge. This was the third case of "search and seizure" tried in court this week. Sheriff Hare testified he and Deputy Oliver met Coffey and Laughrey coming down the stairs of William Dibble's rooms and found on each a bottle of liquor.

Attorney Hoffman, for the respondent, produced witnesses in an attempt to prove the liquor shown in evidence was not that taken from Coffey. He moved that Coffey be dismissed and information quashed because the officers had no search warrants and this was an infringement of the man's rights, and against the state and federal constitution to search a man without a warrant unless there was reasonable suspicion. Judge O. S. Cross ruled, however, that the officers had a perfect right in this case to search the men without warrants, and he so charged the jury.

Jesse Laughrey also of Allegan was found guilty within 15 minutes by the jury on the charge of having liquor in his possession. The officers claimed to have received a tip over the telephone. In court Sheriff Hare testified the liquor was "moonshine" and intoxicating. How did he know? He had tested 100 samples, he said. The "evidence" was passed around for the jury to smell of. Prosecutor Montague spilled a quantity on the floor. The jurors sniffed. To prove the liquor contained alcohol, some was poured on the court room floor and set afire. It burned.

WEDDED AT HOME OF BRIDE'S PARENTS

The marriage of Miss Jeannette Wybenga, daughter of Mr. and Mrs. Simon Wybenga, 193 East Sixth St., and Henry Mulder, son of Mrs. F. Mulder, 249 East 14th street, took place at the home of the bride in the presence of the immediate relatives. The ceremony was performed by the Rev. J. H. Bruggers, pastor of the Sixth Reformed church. Mr. and Mrs. Mulder have left on a honeymoon trip. On their return they will make their home with the groom's mother.

PYTHIANS PLACE GARLANDS ON GRAVES

Sunday was Pythian Decoration Day, and the graves of the deceased Pythians were covered with garlands. Nearly a hundred members of the order marched through the two grave yards going from grave to grave where Pythians lie buried, laying a floral memento in memory of those who have passed on.

Chancellor Commander C. Vander Meulen was in charge of the ceremonies and the Pythian quartet furnished the music, while, Frelate William Wismeier opened and closed the exercises with prayer.

The speaker of the day was Major General H. Loomis of Grand Rapids, who in his calm matter-of-fact way said the following:

"I feel today a personal touch in these exercises. Thirty years ago, I installed the first officers of Castle Lodge in Holland and gave them their charter."

"At least four of the members who lie buried here were intimate friends of mine. Dr. M. F. Gillespie, Fred Aldworth, and M. A. Booy, I had known for years, and the man who has just been laid to rest and at whose grave we now stand, Mr. William Orr, was a most worthy friend. These brothers have passed from this life to another life. It is therefore entirely fitting to bestow upon their resting places, the beauties of nature, for God speaks to us in nature more direct than in any other way. I say to another life, for we will not tolerate the saying that death ends it all, for we have abiding faith in God, the maker of all mankind."

"I believe that these staunch friends in this life were only in the anti-room that led to the corridor of the great beyond. I believe it entirely fitting that we execute these sacred rites in this beautiful nature spot where men's thoughts are only the best thoughts, for in nature men beset by the frailties of this earth come in closer contact to their maker."

"My message today is not to the living. We are living in a thoughtless world. We are really a careless people. Has the thought ever occurred to you how with a little forethought, a kindly word or a timely deed of benevolence, you can bring sunshine in the lives of the unfortunate; you can bring happier thoughts into the mind of your neighbor; and you can be a power for good in this restless, setting dissatisfied world?"

"Loyalty too, is one of the attributes that a Pythian should not forget. I do not mean flag waving loyalty when others are looking on, but I do believe in everlasting loyalty given to friend and neighbor when they are not looking, and last, but not least, your unswerving loyalty to God from whom come all good and perfect gifts."

"Courage too, is an attribute that a Pythian should possess. Have the courage to say 'no', if a wrong is committed by saying 'yes', even though this incurs the sneers of your fellows, and while their faces may condemn you, their hearts will respect you. 'It was the courage of Columbus and his faith that told him that a great country lay beyond his vision over the great expanse of water."

"It was the great courage and the great faith of Abraham Lincoln, who as a young man saw the black slave sold as cattle on the block, and even as an unsophisticated lad he said: 'If God gives me strength, I will strike a blow at this slave market and end it forever, and some years later one stroke of the pen brought freedom to the black man because of the abiding faith and dauntless courage of our martyred president."

"These are the lessons I wish to bring home to you this afternoon."

FERRYSBURG TO INCORPORATE AS A VILLAGE

Ferrysburg, a small community directly across from Grand Haven, and west from Spring Lake may be incorporated as a village. The little town has grown considerably, the big Johnston Bros. Boiler Works being a main industry.

A mass meeting was called Wednesday evening for the purpose of considering the matter of buying the electric current from the Grand Haven municipal plant. The proposition was considered by residents of that place, and in the course of the meeting the question of annexing to Grand Haven or incorporation as a village came up.

There is some talk of annexing Ferrysburg with Grand Haven. That would augment the county seat's population by at least six hundred. Should Grand Haven then also annex Spring Lake with its one thousand population it would be creeping closer to Holland as the metropolis of Ottawa county. Of course even then it would have considerable to make up as this city too has far outgrown its limits on three sides.

A large number of Ferrysburg school children attend the Grand Haven High school. It is being pointed out by more than \$2,000 was paid out by Ferrysburg pupils to the city of Grand Haven for tuition. It seems however that at the mass meeting a majority favored remaining outside of Grand Haven and a committee was appointed to take steps toward incorporating Ferrysburg into a village.

T. R.'s LIFE HAD INSPIRATION FOR BOYS OF TODAY

The inspiration of the life of Theodore Roosevelt was eloquently brot home to the students of Holland High school and a number of visitors by G. J. Diekema Thursday when a bust of Roosevelt was dedicated in the high school auditorium. The bust was the gift of the graduating class and it was placed on the south wall of the auditorium.

Mr. Diekema spoke with unusual eloquence on his subject. He had the advantage not only of a good subject but the added advantage of having been a personal friend of T. R. when the latter was this country's strenuous president. It was also peculiarly appropriate that a bust of America's most distinguished Hollander should be placed in the high school of Holland and dedicated by another distinguished Hollander.

Mr. Diekema gave a running review of Roosevelt's life and showed that it was a story of an American career that is full of inspiration for all because it illustrated the peculiar American opportunity that is open to those who have the courage and the ability to take advantage of it. He called attention to the fact that Roosevelt had many things against him but that he conquered them because he had the determination and the courage to win. His health was poor as a boy but he went to the Western prairies and made himself over into one of America's strongest men physically. And in the same spirit he fought his battles as police commissioner of New York City, as governor of New York, as president of the United States. Mr. Diekema gave many personal touches to his address in which he succeeded in portraying the great American to his youthful audience that made him stand out as a living personality and not as a mere unreal figure in history.

The dedication ceremonies were simple but impressive. Principal J. J. Rierasma presided. Supt. E. E. Fell conducted the devotional and the program closed with the singing of "America."

WOLDRING LEADS LOCALS IN BATTING AVERAGES

Following are the batting averages of the Holland Independents today:

	Ab.	H.
Woldring	30	17
Batema, B.	31	12
Spring	31	15
V. Hoover	36	13
Shaw	40	14
N. Hoover	18	6
Ingham	27	9
Japinga	40	13
G. Batema	38	12

The Grand Rapids Pope & Heyboers, Western Michigan champions of two years ago, come to Holland on Saturday resolved to wipe out all the defeats of last year, and the local players are much determined to add another victory to the growing string. The visitors will present a number of new faces but are as strong as ever, being feared by all the state teams as dangerous contenders for the state title.

Dahlstrom, a Mint-league cast off, living at Whitehall and who showed good form against Allegan Wednesday evening, will again pitch for Holland. The lad altho young in years handled himself like a veteran against the hard-hitting Alleganites. He showed a variety of stuff that will keep the batters busy guessing and he should win most of his games in easy fashion for Holland. Steggersa's loss to Holland first appeared disastrous for the locals but from all appearances Dahlstrom should be stay for the season will fill the hole completely. The victory over Allegan the other evening enthused the fans so much that everyone will again be out Saturday. As usual the Allegan game was a ninth inning argument both on the field and in the bleachers. Umpire Tony handled the game in as satisfactory a way as any one could wish for but yet Manager Swartz of Allegan found occasion to question a good number of his decisions. In fact Swartz was so wrought up after the game that he called off all future games. Holland was supposed to play at Allegan next Thursday but unless Swartz is heard from the game is off. It is very unfortunate that the Allegan players are led by a poor loser. Both teams are evenly matched and a number of good games between the two were anticipated.

Saturday is Ladies day. The ladies are becoming more and more interested in the game. The local team appreciates their attendance and to show it ladies will be admitted free this Saturday. The game starts at 3 o'clock sharp instead of 3:15, the usual time.

Coach Schouten's baseball team was defeated in its final game of the season, Hillsdale College walking off with a 4-1 victory. Hope had its usual luck and scored as many hits as the opponents but the breaks were against them. Each team had a three batters listed in its hit column, but the Hillsdale's came with 2 men on, while no one was on the sacks when Steketee got his hit for Hope. Outside of one had inning Poppen had the opponents well in hand, and the team backed him up in fine style, 3 double plays being enacted.

Hillsdale 0 1 0 3 0 0 0 0 4 6 3
Hope 0 0 1 0 0 0 0 0 1 5 3

Twentieth Judicial Circuit
Suit pending in the Circuit Court for the County of Ottawa, in Chancery, at Grand Haven on the 29th day of May, A. D. 1923.
JOHN H. BOONE, Plaintiff,

vs.
Upon filing the Bill of Complaint in this cause, it appearing that it is not known, and that the Plaintiff, after diligent search and inquiry, has been unable to ascertain whether the defendant H. H. Beardsley and his unknown heirs, devisees, legatees and assigns, are living or dead, or where they may reside if living, or whether the title, interest, claim, lien or possible right to the real estate hereinabove described, has been assigned to any person or persons, or if dead, whether they have representatives or heirs living or where some or any of them reside, or whether such title, interest, claim, lien or possible right to the said following described real estate has been disposed of by will, and that plaintiff has been unable, after diligent search and inquiry to ascertain the names of said persons included as defendants herein.

Now Therefore, on motion of Diekema, Kollen & Ten Cate, Attorneys for Plaintiff, it is ordered that the said Defendant, H. H. Beardsley, and his respective unknown heirs, devisees, legatees and assigns and every one of them shall enter his appearance in this cause within three (3) months from the date of this order and that within twenty (20) days, the plaintiff shall cause this order to be published in the Holland City News, a newspaper printed, published and circulated in Holland, County of Ottawa, and State of Michigan, and that such publication shall continue once each week for six (6) weeks in succession.

The above entitled cause concerning the title to the following described property located in the Township of Park, County of Ottawa, and State of Michigan, known and described as follows:

The East twelve (12) acres of Lot numbered Two (2) in Section Twenty-five (25) Township Five (5) North of range sixteen (16) West.
Dated May 29th, A. D. 1923.
ORIEN S. CROSS, Circuit Judge.

Diekema, Kollen & Ten Cate, Attorneys for Plaintiff.
Business Address: Holland, Mich.

The sole and only purpose in bringing this suit is to remove certain clouds from the record title on the following described premises in the Township of Park, County of Ottawa, and State of Michigan, as follows:

The East twelve (12) acres of lot numbered Two (2) in Section Twenty-five (25) Township Five (5) North of range sixteen (16) West.

LOCAL

Allegan is a city where they make two county clerks into one. A young lady and a young gentleman were both deputy clerks in the county clerk's office in the Allegan county court house, were married, and the result was inevitable since man and wife are one.

Mrs. H. V. E. Stegeman, missionary sent to Japan by the Bible class of Third Reformed church, has been appointed a member of the mission committee on burial grounds. Several of the missionaries of the Reformed church have been buried in Japan, the country of their adoption. Including children and adults, 19 graves have been placed under the care of the committee in Tokio, Yokohama and Nagasaki.

Flag day is being celebrated properly in the city today. There were more flags unfurled in Holland this Flag Day than have ever been noticed before on this patriotic day.

FIRST BAND

CONCERT NEXT

TUESDAY NIGHT

The Holland American Legion band, after a winter of strenuous practice, will render its first concert this summer in Centennial Park next Tuesday night, at 8 o'clock.

It has been the custom in past years for the band to give its concert on Thursday evenings, but due to the fact that there has been a good deal of complaint on both Wednesday and Thursday nights, the band has decided on Tuesday and it is hoped this will meet with the approval of all. Remember the change of date and all be out next Tuesday and spend an evening with the band.

ULFILAS CLUB TO GIVE

INTERESTING PROGRAM

DUTCH SOCIETY IS POPULAR ORGANIZATION

The Ufilas society of Hope College is to give an interesting program on Monday evening at Carnegie Hall beginning at 8 o'clock.

The efforts of this Dutch club as a rule are followed with interest and whenever a program is staged a crowded house is assured.

This year again a program of merit is given the numbers following below:

Instant Plant Food Cartridges always satisfy the most critical lawn or garden keeper. Just try and be convinced. Made by Dutch Plant Food Laboratories Holland Mich. 21297

Notice to All Dog Owners

Complaints have been received at the Sheriff's office continually for the past month that dogs throughout the county are running rabbits, and notice is hereby given that unless this practice is stopped the dogs will be shot. This is in pursuance of the 1919 dog law and of the game laws of this state.

Delbert Fortney,
Sheriff, Ottawa County.

Expires June 30—9796

STATE OF MICHIGAN—The Probate Court for the County of Ottawa.

At a session of said Court, held at the Probate office in the city of Grand Haven in said county, on the 7th day of June, A. D. 1923.

Present, Hon. James J. Danhof, Judge of Probate.

In the Matter of the Estate of Albert A. Alverson, Deceased
Floyd A. Alverson, having filed his petition praying that an instrument filed in said Court be admitted to probate as the last will and testament of said deceased and that administration of said estate be granted to Luke Lugers or to some other suitable person.

It is Ordered, That the 9th day of July, A. D. 1923 at ten A. M., at said Probate office is hereby appointed for hearing said petition.

It is Further Ordered, That Public Notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Holland City News, a newspaper printed and circulated in said county.

JAMES J. DANHOFF,
Judge of Probate.

A true copy—
Cora Vande Water,
Register of Probate.

Instant Plant Food Cartridges will absolutely convince the most skeptical that there is nothing better for the lawn flower or vegetable gardens. Made by Dutch Plant Food Laboratories. 21297

Auto traffic along the principal streets in the evening is becoming so congested that extra traffic cops had to be put on last Saturday night. There were three traffic men on last Saturday evening between half past six and nine o'clock between River avenue and 8th street and River avenue and 9th street. One was at each of these street intersections and another in the center of River street between the two intersections. Even then the men had some difficulty in keeping traffic running smoothly. Holland will have to come down to the one-way streets it seems.

COMMON COUNCIL

Holland, Mich., June 6, 1923.
The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Stephan, Aids, Kieles, Drinkwater, Brive, Laepple, Kammeraad, Brinkman, Peterson, Wickelink, Dykstra and Vander Hill, and the Clerk.

The minutes of the last two meetings were read and approved.

PETITIONS AND ACCOUNTS
Clerk presented several applications accompanied with bonds for license to engage in the business of keeping places where soft drinks are sold, restaurants and hotels.

On motion of Ald. Laepple, The several applications and bonds were referred to the Committee on Licenses.

B. H. Bowmaster & Co. petitioned for a permit to construct a garage, 14' x 24' of cement block or concrete with steel covered doors and partitions, with asphalt, slate covered roofing on the rear of 26 West 7th St.

Granted subject to the approval of the Fire Chief.

The Board of Education petitioned for permission to connect the roof water of the New Junior High School with the storm sewer on 16th St.

Referred to the Committee on Sewers, Drains and Water Courses.

Bolhuis Lumber & Mfg. Co. petitioned for license to engage in the business of constructing sidewalks, and presented bond with Frank Bolhuis and Frank Essenburg sureties.

Bond and sureties approved and license granted.

C. Kalkman petitioned for license to engage in the business of constructing sidewalks, and presented bond with John J. Rutgers and Wm. H. Deur as sureties.

Bond and sureties approved and license granted.

Alvin St. Clair petitioned to come under the Compulsory Sewer Ordinance and to have his premises on West 16th St. connected with the sanitary sewer.

Granted.

F. Van Wert and others petitioned as follows:

"We, the undersigned residents and owners of property abutting on Macatawa Ave. in Montella Park Addition in the City of Holland, hereby petition your Honorable Body to permanently close and abandon for street purposes that part of said Macatawa Ave. in said addition, which lies within the limits of the City of Holland and for reasons the undersigned say that said part of Macatawa Ave. has not been used for street purposes for upwards of 15 years last past, and in fact, nearly all of said street, as platted, has washed away, and become part of Macatawa Bay."

Referred to the Committee on Streets & Crosswalks.

The Colonial and Strand Theatres petitioned for license to engage in the business of motion pictures at 248 South River Ave. and 9 West 8th St. respectively.

On motion of Ald. Dykstra, Resolved that the license for motion picture theatres be fixed at \$50.00 for the present fiscal year.

Said resolution did not prevail by Ayes & Nays as follows:

Ayes: Aids, Kieles, Kammeraad, Dykstra and Wickelink—4.
Nays: Aids, Brinkman, Drinkwater, Laepple, Brive, Peterson and Vander Hill—6.

On motion of Ald. Laepple, The motion picture theatre license was fixed at \$30.00 for the present fiscal year.

H. P. Kieles and other resident property owners in the vicinity of the Thompson Mfg. Co. reported having been informed that the said Company had made application for permission to construct a dry kiln on their premises at 12th St. and the Pere Marquette Ry., and remonstrated against any motion picture additions to factories being constructed in their neighborhood.

Filed.

John A. Overweg and other property owners interested in the construction of sidewalks on the south side of 21st St. between Maple & First Aves.

Referred to the Committee on Sidewalks.

Fred Koetsler and other property owners interested petitioned for the construction of sewers and water mains in Cherry St. between Central & Michigan Avenues.

Referred to the Committee on Sewers, Drains & Water Courses.

Henry Van Wieren and R. N. De Merrell petitioned for the construction of a sanitary sewer in 22nd St. between College Ave. and State St.

Referred to the Committee on Sewers, Drains and Water Courses.

Ald. Blue here appeared and took his seat.

The Mayor reported that the Citizens Tel. Co. requested permission to place telephone poles and cable on West 9th St. to First Ave.

Referred to the Committee on Streets & Crosswalks with power to the Streets Committee.

REPORTS OF STANDING COMMITTEES.

The Committee on Streets & Crosswalks to whom was referred the petition of Westing & Warner for permission to install a gasoline pump in the street abutting their premises on Lincoln Ave. between 13th and 14th Sts., reported having duly investigated the matter and recommended that the petition be granted.

Adopted.

Said Committee to whom was referred the petition of Diepenhorst Bros. for permission to place hay scales, as applied, on the 6th St. side of their premises, at River Ave., reported having duly investigated and considered same and recommended that the petition be granted.

Adopted.

The Committee on Streets & Crosswalks reported that two crosswalks be ordered constructed on the east side of 14th Ave. at 5th and 7th Sts.

Adopted.

The Committee on Claims & Accounts reported having examined the following claims and recommended payment thereon:
